Needed a new boiler sooner than I had planned and they allowed me to pay a good deposit and then had the rest on interest free. They turned up on time and did a brilliant job! Very clean and tidy...very polite and friendly. Would definitely recommend this company. I am moving soon and have already been back in touch with them to do work on my new place.

Absolutely delighted with our new bathroom installed by AJ Barnes Plumbing and Heating. First class service with such attention to detail. It looks amazing and I can't rate them highly enough. Would thoroughly recommend.

13-Feb-2017

The level of service was excellent , the work was carried out to a high standard , the installers were efficient, courteous and cleaned everything up . Mr Barnes is very knowledgeable about his business and was a great help to us helping us to choose the right boiler and radiators , his workers worked quickly and enjoyed their work which was pleasant to see. I am pleased to write a glowing account , I would definitely use them again , we are very happy customers.

I was recommended to this firm by a plumber we had for many years who has since retired and I have to say that I am extremely pleased with the final product. The time spent and the recommendations made by Mr Barnes were spot on. Having surveyed the job my self and the costs involved along with the advice from my friend it all fell into place with the system recommended by Mr Barnes. During the extraction of my old system which was over 40 years old and the installation of the new one his staff worked extremely well with each other which in turn enabled them to finish the job in just over a day which was really good as the temperature dropped quite considerably on the night they finished. What a difference this has made! I found all of them polite,cheerful, very communicative and willing to give me answers to the many questions I asked of them along with a good sense of humour. Would I recommend them to anybody? Definitely a yes! And hopefully I will be using them again for any plumbing work that I might require in the future.

Excellent quality of service from initial quote to completion of work. Due to previous plumbing issues thy had to problem solve routing of pipes which saved me a lot of money and disruption. Very polite and hard working staff who ensured disruption was kept to a minimum. I had tight timescales for work to be completed which they were very accommodating. Since installation of new boiler and rads, no issues and have not had to call them back. Now have them coming back to re fit my bathroom! Excellent service and thoroughly recommended.

Great personal service from this family owned local company. Very friendly crew who were in and out in a day completing the job as per estimate plus a few other odd jobs that were done as a matter of course (including bricking up an old flue outlet hole through a wall which Jo undertook to sort out for me - much appreciated). Very impressed and would recommend to anyone looking for an honest, reliable firm.

27-Nov-2016	It was by chance i came across AJ Barnes Plumbing and Heating as i saw the van in the street doing work in the neighbours home. It was later on that i contacted AJ Barnes who came around and visited my home and gave me an estimate for the work to be carried out. A date was fixed and the work was carried out by AJ Barnes Team in the allocated time on the day. The shower and Plumbing and all that goes with fitting the shower was carried out in a most efficient, professional manner, and pleasant manner with the team keeping me informed of how things were going. I would not hesitate in recommending AJ Barnes Plumbing to both Family and friends. Thank you AJ Barnes for carrying out the work in an excellent manner. I wish all staff members the very best in their Business and future Business work. A Happy and satisfied Customer.
04-Nov-2016	I have a lovely new wet room. The work was done efficiently and to a high standard
14-Oct-2016	Used A J Barnes to supply and fit a new gas fire. Very thougher in all aspects of fitting the fire. Reasonable charges and would certainly use him again.
03-Oct-2016	Excellent service always. Prompt in sorting problems. And keeping me up to date. Wouldn't hesitate to recommend to a friend.
03-Oct-2016	Great service and great communication. The engineers arrived at 8am and worked hard throughout the day. They were extremely thorough in everything they did and where additional work was needed to be carried out, it was clearly explained. They highlighted some major safety issues with the existing pipe work (something we wouldn't have been aware of) and for that we are extremely grateful. I would highly recommend A J Barnes plumbing & heating ltd and will continue to use them for any future work.
