Dean is a very hardworking and skilled carpenter. He's attention to detail is quite important when it comes to achieving beautiful sash windows. We could not fault the work or service provided by Dean and very happy to have come across Allwood Installations.

Our house has been transformed by Dean and his team. Over the past few years we have contacted Allwood to complete various stages of our renovation project. Most recently Dean handmade our kitchen, it's beautifully crafted and the finish is amazing!! We love it! Everything was renewed very efficiently including the electrics and plumbing. Allwood have also made and installed our wooden windows, french windows, wooden floors, fitted cupboards and installation of driveway gates. Each job has been excellent, all works well, looks great and just how we wanted it. We would definitely recommend Allwood, reliable, honest,

	hardworking, thoughtful- kept our place as clean/habitable as was possible throughout the renovations. Gold dust!!

18-Apr-2017	Dean and his team have converted a large empty space above our shop in to a fantastic three bedroom flat complete with gas central heating and a new wiring installation. All the work including new walls, doors, a new kitchen, bathroom, lounge and bedrooms is completed to a very high standard. As I live abroad for much of the year it was great to have someone who could just get on with the work, once we had agreed the design. The flat was left clean and ready for the carpet fitters. Fantastic, a great experience, I would recommend Dean.
