I can't recommend Lee and his company highly enough. The work he did repairing and rebuilding a complicated stone wall in my garden is absolutely beautiful. He also installed new fencing posts and panels above the repaired wall and replaced some guttering at the back of the house, all to the highest standard. Communications were also faultless. I had to procure these works remotely and Lee was fantastic at keeping me informed of progress, sending regular photographs and chatting things through when needed. I have a long list of other works I'll be asking him to quote for!

This is the 3rd time we've had Lee and his team do work for us. We needed the exterior of our house painted this time. They've done a great job and we're extremely pleased with the result. With Lee you always know the job is going to be completed to the highest standard. He is a perfectionist who won't be satisfied until work is perfect. It's always a pleasure having Lee and his team working here. Highly recommended if you want superior workmanship at a very fair price plus good & pleasant hard workers.

This is the second time Lee has carried out work for us, and again his work was to an exceptional standard. He was here when he said he would be and the job was completed on time with no issues. He was clear in his communication and involved us in any decisions to ensure we were happy with the finished product. The new pathway and fencing looks beautiful and as always Lee didn't leave until everything was neat and tidy, there was nothing for us to do once he had gone. I have already made enquiries about his availability for our next project and would highly recommend him.

We had seen Lee's work elsewhere and felt he was the man we needed to redecorate the old, very chipped paintwork around our house which had cracked or missing putty in many places. We feel we got what we paid for and are very pleased with the result. Lee came on the day he had told us he'd come and the work took the time he expected it to take despite the few extras needed to get windows and doors working well.

Lee Brady was asked to assess the condition of the exterior of the church. His assessment was extremely well informed and thorough. He communicated his observations clearly. Lee identified the repair and maintenance of the wooden window frames as the most urgent work to be done and this work was carried out to a very high standard. He also completed a number of minor works on the church and alerted us to problems with the roof which have now been rectified. Overall the church committee was very impressed with the service that Lee and his team provided.

Lee Brady and his men were on my premises for five weeks and never caused me any inconvenience whatsoever. I would gladly have them back again if required.

05-Dec-2017

Lee undertook some renovation work which included the opening out of the lounge and dining room, tiling of the kitchen floor and replacement of the downstairs WC. I found Lee to be 100% honest, reliable and trustworthy. His attention to detail is second to none and he was always in close communication throughout the whole renovation. I would certainly recommend Lee to any friends and family. It is people like Lee who really do give the building trade a good name.

Lee's work was to an excellent standard, and his customer service is great. The job was hindered by terrible weather which is obviously not Lee's fault so it took longer than expected to complete, but he dealt with the setbacks with good grace and kept us informed of his plans. We will definitely use Lee's services again and will recommend to friends.

The first time I met with Lee for the quote to plaster what was going to be our new born baby girls nursery, I could tell straight away he was the man for the job. He was respectful, confident and knowledgeable about the work that needed to be done and he also came with the stamp of approval from our home maintenance man that was outstanding and put me at ease before he even came round. Throughout the work he kept up full manners and thoughtfulness with my pregnant wife and kept us fully involved with what was happening. Even without a stamp of approval his work spoke for itself, it was impeccable to the point that we've already asked if he can do more work for us and I can't see us ever having to find another plasterer. He has great work ethics and an amazing sense of responsibility to the client all the way through to the end of the job and I would 'Highly' recommend him to family, friends and

	<p>even people who asked freely on social media. Lee is without a doubt a five star worker and I would just as happily book him for other than plastering with just his word if he said he's able to do the job.</p>
05-Dec-2016	<p>We were really impressed by Lee's friendly and professional service. He was an excellent communicator with stunning attention to detail. In particular, the standard of finishing was excellent - and our list of two minor snags was dealt with immediately! We're thrilled with our new bathroom. We'd use Lee again and have already recommended him to families and colleagues.</p>
16-May-2016	<p>Friendly, reliable, knowledgeable and polite, running out of words to describe the service but safe to say it was quality work and I'm a very happy customer.</p>
09-May-2016	<p>From the very moment Lee came to my property and spoke, I knew that I could trust him. It was a mixture of his personality and persona combined. Of all the quotes I had (3), he took the longest and was always making sure that it was what I wanted. He started work on the day agreed and as the outside of my property needed painted, badly. Again he was the only quote who said that he would pressure wash the house first. This again gave me confidence that I could trust him. There were not too many surprises. But when there was, his honesty and sincerity was commendable. His knowledge of the building trade is unbelievable and I would certainly ask Lee to do more work, before I would ask anyone else.</p>
15-Nov-2015	<p>Professional, knowledgeable, polite and efficient. Definitely a perfectionist.</p>
10-Nov-2015	<p>This is not the first time I have used Brady Property Maintenance &amp; Improvements, but once again the work carried out was first class and at a very good price. Lee takes great pride in his work and kept me up to date throughout the full chimney re-build. There are no doubts I will be using Lee again in future property maintenance projects.</p>
20-Sep-2015	<p>Lee Brady provided an excellent service. He and his employees were hard working, polite, friendly and kept me informed of progress. I was very pleased with the completed work and look forward to having more work done in the future.</p>

29-Jul-2015	<p>We're extremely satisfied with the quality of the work Lee and his team carried out on our utility room. Lee is a thorough professional and perfectionist . It was a pleasure dealing with Lee and his lads. Great quality work at very fair prices. Highly recommended &amp; will certainly use Lee's services again.</p>

27-Jul-2015	The work done by Brady Property was excellent. Lee and his staff worked really hard, and late into the evening to get the work done when necessary, and wouldn't finish until everything was done to a really high standard and he was happy with it. They happily did little extra bits and pieces that I asked. Each day when they finished they left my flat clean and tidy. I would definitely use them again and I highly recommend them.

10-Dec-2014	Lee was recommended to me by a colleague at work who had been extremely satisfied by a variety of jobs. Lee was friendly, approachable, professional and strove for perfectionism in his work. He converted a bathroom/toilet which was quite awful into a modern wet room. The tiling is one of the best examples of tiling I have ever seen, and most people who visit comment on the standard of improvement.
13-Nov-2014	Lee and John removed and reinstated the plinth and cast the new concrete slab at the front of my house. The attention to detail and pride that Lee takes in his work are exemplary and he doesn't cut any corners with his work. The price was extremely competitive and we are very pleased with the result as it has improved the front of our property immensely. Will definitely use his services in the future.
10-Nov-2014	A very professional service. Paid a lot of detail to the quality of work undertaken and all at a great price.
22-Oct-2014	Lee Brady carried out extensive rendering and

skimming after a damp proof course for me. He also skimmed two ceilings, his work was excellent, his price was very fair and he was very understanding and helpful.
