We had a blocked drain due to 1940s cage being clogged up. We rang on Sunday and got seen to by Monday. Andy came and immediately set to work. He was efficient but able to be friendly at the same time, despite being forearm deep in sewage. He left our yard cleaner than it was before it flooded and treated the terrible smell. Could not recommend this company highly enough. If you need your old drains seeing to and fancy supporting a local tradesman, this is the company to go to!
