05-Mar-2019	Clean, tidy, quiet and polite. Started as planned and arrived on site early every day. Always professional, polite and respectful treating our home as if it was their own. We have used this top notch company in the past from rendering the house to refitting the kitchen, landscaping the garden/patio and refurbishing the bathrooms/toilets, this time it was removing and capping a chimney and we will be sure to use them again in the future. At the end of each day they left the place clean and tidy. On completion presented us with a full break down of costs and labour charges as per the quote with no hidden extras. My wife and I do not hesitate to recommend them to anyone we know looking for roofing and building contractors. Your company is supreme in name and every aspect of workmanship.
