I found Terry Clarke's details on the BWC website. I needed repairs to a damaged downpipe and guttering which were leaking a lot of water. He explained clearly what was needed and treated the work as a priority. He arrived very promptly at the agreed time. He also spotted a problem with another pipe and sorted that out too while he was here. I was very pleased with the service provided.

17-Oct-2020

From start to finish Terry was professional and obviously an expert in his trade. He listened to the problem I was having with a leak from my roof, investigated, showed me pictures of what he'd found and suggested a way to resolve it in the most cost-effective manner to me. He kept me informed throughout, and showed me photos of the completed works after. I'm very happy and will certainly have no hesitation in using him again in the future.

Not only was Terry and his team doing an excellent job, he was also very helpful with advice for the jobs that as a home owner I was undertaking myself. He prides himself on the quality of his work including leaving everything clean and tidy.

Fabulous once once. Contacted Terry over the wkend as a vertical roof tile had come down. Immediately he confirmed when he could fit me in, texted on the day, turned up bang on time and proceeded to not just fix the huge gaping hole but the all adjoining loose tiles

16-Mar-2020	and sealed every other joint, job done above and beyond, reassured me about the integrity of the structure and left with a smile. 100% recommend The work was completed to a high standard and I am delighted. I was kept informed at all stages how the work was progressing. Mr Clarke even sent a photo of the work completed on the chimney. If he was not able to work due to bad weather he always contacted me. I would recommend him, and I would certainly use him again.
08-Mar-2020	Terry met me to look at a damp issue. He was very prompt and friendly and provided some very useful advice. Having assessed the issue he suggested the problem was likely to be a leak around the window and not a roof issue. This was a small job that I could do myself saving considerable expense. I was impressed with Terry's knowledge, putting the customer first and not recommending unnecessary works.

Terry sorted out my leaky roof which he found to be caused by badly fitted solar panels, so it was tricky to say the least. I have no hesitation in recommending such a pleasant man and team. Thank you Terry.
