We are delighted with our new sunroom, it's even better than we imagined. Right from the first meeting Pete kept us informed about the start date & then, once the build was started, gave us a progress report each day and a plan for the next. Pete and Jon are very reliable and didn't go off site to do other work as we have heard that other builders can do. They were very approachable & eager to share their experience to help us decide on things such as window design, internal & external lighting, decking etc. They are totally trustworthy & we were happy to leave house keys with them. They are also very conscientious - and example of this was during a stormy weekend when Jon popped round to check that the tarpaulin covering the roof was secure. We have no hesitation in recommending PJB.

I have given PJB Builders 5 stars. It's just a pity I couldn't have given them 6 ! Being a tradesman myself in another field I can honestly say I have never received service like this from any builder previously. I would 100 % recommend them for any job in their fields of operation. Peter and John delivered more than was originally intended, to the quoted price and on time. A great job all round.

Builders came to build an extension next door. I saw their work and asked them to build me a wall of which I was very happy with and the price was right.

We were very pleased with work, which was rendering the back of our house and some internal replastering. It all went to schedule, Pete always kept us informed to the progress and what they planned to achieve the next day. A few small problems arose (you

never know what youâll find when you start hacking stuff off) but they were all dealt with straight away. Best thing we can say is that we would use PJB again if we needed anything doing.

I was very pleased with the work carried out by PJB at my house. Pete kept me well informed throughout the process and made some great suggestions to get the best out of the property and budget. Standard of work is really high and the company were a pleasure to deal with. I would highly recommend them.

Pete and Jon made our dream come true! After being let down by another builder, Pete and Jon along with Billy the apprentice, came to our rescue. I believe they wanted us to have everything we dreamed of as they set about building the extension on the side of our bungalow. Nothing was too much trouble. Lots of extra tasks were cheerfully carried out. Always bright and cheerful they felt a bit like extended family as they worked in our home. We are delighted with the outcome.

PJB Building have just built a 40 m2 two storey extension to the front of our house, roughly doubling the size of two bedrooms, kitchen and dining room. From initial discussions about possibilities and options, negotiations on the contract, through to the build itself, Pete and Jon have done an outstanding job. The quality of their workmanship is excellent and they fully involved us in the design and build, adopting an accommodating and âcan-doâ approach throughout with a great problem-solving approach â inevitably on such a large project issues arose, but all were solved in a professional and innovative way: just what we wanted. They have constantly been professional, whilst at the same time adopting a very affable approach, even in the face of adversary: the weather! It is a tribute that a large number of people walking/driving past the building have commented very favourably on both the workmanship and final result. We have been very happy throughout and can thoroughly recommend PJB to anyone wanting building or maintenance work done. Thank you PJB!
- The fact that everyone in the street has been asking for these guys number since completion speaks volumes. From providing us with our initial estimate, to completing the works carried out on our property, PJB Building and Property Maintenance have done an exceptional job. They demolished the existing prefabricated garage from its current position, undertook a small-moderate landscape project and constructed a single storey dwelling. It is obvious to us that all the internal and external materials that were used throughout the works were of high quality, and

	<p>the initial estimate that we were given was not altered at all (apart from the small-moderate landscape project they did for us which we only asked for a few weeks before they started...they were very patient with us and eager to make us customers very satisfied with the service they provided!) The internal finishes such as the skirting and painting, were also performed to a high standard. The contract they provided us was clear and concise. This is the first time we have had any building work done on such a large scale, and the way they communicated with us (face to face, via email and phone calls), was excellent. They kept us constantly up to date with their progress and sometimes finished slightly later than planned on certain days, to ensure they stuck to the timeframe they gave us..they are very dedicated and hardworking! We would recommend PJB Building and Maintenance to anyone looking for value for money and at the same time, those wanting to receive a five star service!</p>
11-Jul-2017	<p>Had insulation put under tiles on house wall. They also built us a garage in 2016. Excellent service. Job well done. Nice trustworthy people to have on site.</p>
30-Jun-2017	<p>I can't recommend these lovely chaps enough. They have used my driveway to complete an extension next door. They're a great team, working hard but always with a smile. Their work has been to an excellent standard. Polite and friendly.</p>
31-May-2017	<p>Large patio completed to time and budget. We were kept up to date through out the project. Excellent quality of materials and workmanship. I would certainly recommend these guys to friends and family.</p>
05-Apr-2017	<p>From initial contact Peter and John have been superb and entirely professional on all levels. The standard of workmanship is excellent and they have been accommodating with all our requirements and worked tirelessly completing the project on time and in budget. We would have no hesitation in recommending their services to anyone.</p>
22-Mar-2017	<p>The level of service was excellent , from the minute details to the overall work.The kitchen witch they did brought it from a sad looking kitchen to a modern light and super kitchen. New units , flooring , lighting,wiring and plumbing all done with great care.</p>
07-Feb-2017	<p>Most excellent work, could not be happier. The work is done to a great standard and the take a lot of pride in getting things right. I would always trust them to do the best job they can and would always use them again.</p>
09-Jan-2017	<p>Excellent work, carried out to a very high standard. Reliable, friendly pair (Pete and John) who were punctual and conscientious throughout their time at my property. Have no hesitation in recommending PJB Building to all.</p>
07-Dec-2016	<p>Excellent job from start to finish. They were very willing to make changes to plan as needed. Trustworthy</p>

15-Nov-2016	pleasant people to have on site. Highly recommended. very professional and very helpful always explained what was going to happen good communication very polite and friendly did exactly what they said they were going to do and more cannot fault john and peter would use them again for any other work that is needed highly recommend
31-Oct-2016	A fantastic transformation for my kitchen
18-Oct-2016	Very friendly & great customer communication
09-Sep-2016	Excellent
30-Aug-2016	very professional and excellent standard of work
22-Aug-2016	very helpful and friendly. good standard of works. would recommend!
18-Aug-2016	They were great, tidy, efficient and friendly. good job
13-Aug-2016	
02-Aug-2016	I calls them at short notice for a small job that I needed doing, even though they usually do bigger projects. I would defiantly use them again

06-Jul-2016	Excellent work really happy with the results. Pete and John were friendly and professional. Would defiantly recommend them!
03-Jun-2016	Friendly and very easy to have around. Very practical and hard working. Recommended for more work. Good advice given.
16-May-2016	I phoned PJB Buildings to receive a quote for an end of build snags list of works. Pete came round and discussed all the various works and costs. I was very pleased with his knowledge and professionalism. I agreed for the works to be done. Pete & Jon completed all works to a high standard in a reasonable amount time for a very fair price. It's difficult to find honest, quality builders, so I cannot recommend this company enough. They fixed a leak in my walk in shower, which needed tiles ripping up and retaking and relaying new tiles. Plasterboard removing and replacing in the ceiling underneath, which was re-plastered and painted. You would never know any works had been done. Great job. I had partially built a fence, they completed the fence building in difficult sloped spot and finished all the planting of shrubs and bushes in that area. It looks immaculate. I had a partially build shed which they completed. They planted a dozen bamboo and did landscaping services. They fitted 2 new bathroom fans, one that was grouted into the wall. Both look immaculate and work perfectly now. They fixed several down lighters that has dropped out of the ceiling. They also did some painting works and other repair jobs. If you need any building works large or small, I would use this company. I will be contacting them for any future services. Cant thank them enough. Very friendly and professional. They did a great job.

21-Apr-2016	PJB came highly recommended by a family member who has had work completed, i was very impressed with the work they had completed too. PJB completed my work with no fuss and to a very high standard, so i will be recommending them in the future. Thanks for all the help guys.
01-Mar-2016	PJB Building have completed a number of small jobs for us over the past year, so we decided to ask them to complete a whole house renovation of our family home. I have been recommending them to everyone as they completed the job on time, under budget and with the minimum of fuss. We can not recommend them highly enough. Having building work can be very daunting but Peter took the time to guild us through every aspect - GREAT JOB WELL DONE - they will also be coming back to render our home and build a car port later this year - thank you Peter.
14-Jan-2016	100% satisfied
23-Dec-2015	Brilliant team who did a great job of decorating our hallway. Friendly and helpful. Put in extra effort to ensure the result was professional
17-Nov-2015	Very friendly guys. Work carried out to a high standard in good time. Definitely will use them again.
18-Sep-2015	Outstanding workmanship. Conscientious to safety for children. Honest, reliable & excellent communication throughout. Would highly recommend
25-Aug-2015	Very good work and friendly people.
15-Dec-2014	Once again arrived on time, diligent, polite and the work was to their usual high standard. I recommend wholeheartedly
15-Dec-2014	An excellent service from a team who went one step more than was expected. Would recommend to all who need reliable and trustwor5thy tradesmen.
15-Dec-2014	Clean and tidy workers who thought through the whole problems. Super job.
15-Dec-2014	Very quick and good service of plastering the ceiling.
15-Dec-2014	Unfailingly helpful. Did what they said they would , when they said they would do it. On time and on price. Missed a 5 because of wires and dust - not their fault really. I am a big fan.
15-Dec-2014	Very friendly service. Quick to accommodate our needs. No trying to talk us in to things we didn't want like another firm we had called.
15-Dec-2014	It was good to use a company focused on the task in hand whilst knowing that I was ultimately supporting the work community.
22-Oct-2014	The team were professional, polite and helpful. Excellent workers whose standard of workmanship was high. They went over and above expectations. Reliable, trustworthy and hardworking.
22-Oct-2014	The Trust decorated our lounge for us. They were quick, clean good workmen (all with a sense of humour). We were exceptionally pleased with the

finished result.

The above named firm has recently carried out some work at our property. They found that we had rising damp in our lounge. So they carried out the necessary treatments and then decorated the room for us. The result was excellent. The walls were papered and painted to a very high standard. I would recommend them to anyone needing work carried out. The price charged was reasonable, the quality of the work good, the three men worked efficiently and were polite, friendly and had a sense of humour.

21-Oct-2014

Very happy with service, lovely team of men. Would recommend and will use again in the future if needed.

21-Oct-2014

Professional from start to finish. The job was finished to a high standard. Staff were polite and informative at every stage of the process. Would highly recommend them.
