Comments: We Do Windows is a Plymouth based, family-run business that specialises in replacing steamed up, faulty or damaged double glazing. By just replacing the glass and not the frames we can offer substantial savings over other double glazing companies. We pride ourselves on our customer service: we offer friendly and professional advice without any hard sell and always work tidily and respectfully in your home.

As well as our replacement glass service we also offer a full range of window and door repairs: locks, hinges, handles and seals. We offer our services across southwest Devon, Dartmoor and West Cornwall
