| 17-Aug-2019 | Was surprised to have to wait 6 for the next available space for an engineer - this aside, I had a very good experience, the engineer was very courteous and done a fantastic job. Thank you. |
| 13-Mar-2018 | Professional company, men turned up on time, done the job quick and left it clean and tidy. Office staff are very helpful. Quote wasn't the cheapest of the three but we are glad we choose this company. |
| 25-Jan-2018 | Service was second to none, called office early December and was told next available appointment was January (very honest, upfront and apologetic) the girl even kindly booked the slot and said she would call me on the 4th of Jan to see if I still needed the appointment this giving me the chance to look elsewhere. I was so impressed by this girls manor and attitude that I decided to wait. I am so glad I waited! The chap who came out arrived on time, called when he was on route, done the job perfectly and tidied up - all with a smile and a friendly professional attitude. Invoice arrived promptly which concluded an altogether fantastic experience with what is clearly a very in demand and switched on electric company. Greatly appreciated. |
