The initial visit to discuss the work required was helpful and constructive and it was carried out very satisfactorily on the date agreed. Having used Acorn Tree Specialist in the past I was confident to employ them again. Friendly and efficient service.

23-Sep-2019

Removal of 7 Leylandii and 1 large Acer Tree including stumps. Excellent service by a very pleasant and professional team. Despite the wood chipper breaking down (which they soon got fixed), job was done efficiently and with no fuss. Some companies I contacted said they couldn't remove the stumps because access was too tight for their machinery, but Acorn had a smaller grinder that could do the job no problem. Everything cleared away after. Very reasonable cost. Would definitely use them again.

19-May-2019

Very Professional and friendly service, I have recommended to my neighbour already. I will be using this company again without doubt.

14-May-2019

Fast and very professional. Fascinating to watch! Excellent standards with whole area left tidy afterwards. Thoroughly recommended.

12-May-2019

Our 8 month old kitten's first tree exploration found her stuck 40ft up the tree and no matter how much we tried to encourage her down she was not going anywhere. After 8 hours we started worrying as she was getting more upset and it was getting colder. We tried contacting a few tree surgeons not expecting much since it was late Saturday afternoon but Andy from Acorn tree specialists responded even while he was out with his family and came out promptly to rescue our kitten. He was so professional in everything he did and was great at bringing our explorer back down. Thank you Andy!

An early visit to discuss the work with helpful

	<p>suggestions offered. On the agreed day prompt arrival of the team and swift help in persuading a neighbour to shift a car that blocked our access to the main overgrown laurel. At the three points where in the garden of focus, neat and careful work quickly dealt with the problem. All cut material was tidily removed and the surrounding area left swept clean. All done in an efficient and cheerful manner and the cost of the work less than I had feared. Acorn will be top of my list for any subsequent work.</p>
26-Apr-2019	<p>Prompt arrival and careful consultation with me on arrival and then the work discussed was carried out carefully, clearing as they went with occasional checking to ensure I was happy. All left today afterwards.</p>
24-Apr-2019	<p>Fantastic service from Acorn Tree Specialist Ltd - prompt, efficient, neat &amp; tidy and reasonable fee. I thoroughly recommend.</p>
16-Apr-2019	<p>Thank you to Andy and his team for a great job on removing a couple of trees for us. Really nice friendly team, exceptionally professional and tidied up behind themselves (better than it was before they arrived!)</p>
15-Apr-2019	<p>We had Acorn in to remove some trees and prune shrubs and hedges. The job was carried out to a good standard by a pleasant team who double-checked our requirements and cleared everything away afterwards, We would not hesitate to recommend them for any of this type of work. Have used them in the past and plan to have more work done in the Autumn.</p>
22-Mar-2019	<p>1st class work. Excellent. Clears all mess up.</p>
16-Mar-2019	<p>Excellent service from the team and very happy with the work carried out. Will be using again.</p>
13-Mar-2019	<p>We've used Acorn Tree Specialist a couple of times now and continue to be extremely satisfied with their work. We would have no hesitation in using them again. Andy was very helpful with advice as we had to apply for permission to carry out the work as the tree is under a TPO. They did the work whilst we were out so very convenient and area was left clean and tidy. Very professional and good communication about when the work would be done.</p>
09-Mar-2019	<p>Quick professional and tidy - they also thought about the overall shape to ensure the end result looked balanced. I would use this company again.</p>
02-Mar-2019	<p>Andy was pleasant to deal with and very open about the reason the cost had to be higher than I had originally expected (due to access issues). He made arrangements to do the work soon after I accepted his quote. The job was done efficiently and the men left the site exactly as they had found it - perhaps even tidier! This firm was a pleasure to deal with and I would recommend them.</p>
01-Mar-2019	<p>Andy and his men were very professional gave good advice and helped us to order new trees to replace the one felled. The old tree was felled and disposed of</p>

	<p>efficiently then the stump was ground out and the site levelled and tidied to a good standard. They then planted the new trees.</p>
26-Feb-2019	<p>we had a lot of tree work yesterday and completed this morning. A very tall Cryptomeria leaning at almost 45 degrees was taken down to about 12 feet high, leaving an upright side shoot which will replace the old tree, 3 lower boughs were taken of a tall Atlantic cedar. An apple tree was reduced so that I can prune it with my long reach pruner. 2 large side shoots were cut from a large conifer. A 25 foot trunk was taken down to ground level of a Chilean fire bush, the other trunk reduced to 16 feet. A large Willow tree with 3 large boughs was pollarded . Some overhanging nut trees were cut back. Everything was dragged up our garden, chipped into a lorry. They raked up the rest, and swept the site, and used a blower on the small debris. Hard excellent work.</p>
26-Feb-2019	<p>Excellent from start to finish and very helpful with time scales,</p>
25-Feb-2019	<p>Top class</p>
21-Feb-2019	<p>We are very pleased with the result of the work. All the operatives were most professional, worked safely, and left the site tidy afterwards. I would happily recommend.</p>

21-Jan-2019	
18-Jan-2019	<p>I have used Acorn Tree Specialists Ltd on several occasions. Andy and his team are very professional and friendly. The work was carried out on time and to a very high standard. On this most recent visit, Andy and the team undertook additional work at no extra cost in order to save me the trouble of splitting a large number of logs. I will be very happy to use Acorn for future work.</p>
14-Jan-2019	<p>Been using Andy and the team for 3 years. Great service as always. Would not hesitate to recommend.</p>
09-Dec-2018	<p>This work was carried out at a time convenient to Acorn, and was fitted in at a time when other small jobs for other clients could be undertaken.. This makes good business sense but leaves the customer with a lengthy wait.An indication that this could extend to</p>

08-Dec-2018	over a month would have been welcome. I have no complaint about the standard of work-it was very good. Friendly down to earth and understood what I needed. Very tidy and left the site clean. Gave a date of expected completion and stuck to it.
27-Nov-2018	Very friendly, professional service and would certainly recommend and use again. Very reasonable rates.
20-Nov-2018	Very happy every time we get these guys in - it's like the garden fairies come in and sort everything out how we want it and tidy it all up afterwards with no fuss or bother...
13-Nov-2018	Knowledgeable, courteous, and friendly. Ensured that all was done as requested and that I was happy with the job before leaving. They were also diligent in cleaning up on completion of the work.
11-Oct-2018	Acorn trimmed our magnolia tree. Very happy with the service. Expert advice. Polite and tidy and fairly priced. Will definitely use again.
03-Oct-2018	Andy and his team were very professional, polite and fast in their work. Despite the difficulties of having to completely remove 3 large trees that were partially hanging over several neighbouring gardens, they finished ahead of schedule and even offered to perform some other secondary prunings and trimmings around the garden free of charge to fill the remaining time. I can't recommend them highly enough and would gladly contact them again for any such further work in the future.
26-Sep-2018	The work was completed in a professional manner and the garden and surrounds were left tidier than before the work was carried out.
21-Sep-2018	Turned up bang on time, cut down trees and removed some shrubs really efficiently. Cleared up and left garden as if they had never been. Can't fault them.
14-Sep-2018	Very pleased with job done. Professional, thorough and left the site clean and tidy.
12-Sep-2018	Andy came round and priced up to tidy up our oak tree and prune our cherry tree. He came round while we were out he did a fantastic job and left our garden tidy and free of rubbish. We would like to thank him for what he has done and would certainly recommend him to our friends & family.
11-Sep-2018	The company arrived when they said they would. They pruned 4 trees, two of which overhanging from adjacent gardens. They carried out the work in a very efficient and professional way. I was totally happy with what they did.
26-May-2018	Andy and his team of two did a great job lowering the silver birch in my garden. They were very diligent about safety and didn't rush the work. They took care to keep the shape of the tree and tidied up well at the end of the job. I have already recommended them to friends for the future.
06-May-2018	Andy came round twice so he could provide accurate

	<p>quotes (we decided to have a second tree felled), we received written quotes via email promptly. Andy and his colleagues arrived about 8am and got straight to work. They were all courteous &amp; friendly (waving to our 2&amp;1/2 year old who was fascinated by the work). They all worked really hard during a hot spell of weather. Andy explained everything clearly, regarding what they were doing and when. The following day Andy felled our holly tree in 5 minutes and finished off the willow tree. The garden was left tidier than it was before the work was started! I think it is really god value for money considering Andy is up really high, using a chainsaw whilst attached to the very thing he is cutting down. We would definitely recommend</p>
06-May-2018	<p>Turned up on time, were polite and professional, cleared up behind themselves, and also checked with neighbours's satisfaction with clear up.</p>

01-Mar-2018	<p>Satisfactory.</p>
24-Feb-2018	<p>Trees very close to house, shed, conservatory and neighbour's house and garage. Difficult access to one tree through lean-to shed and conservatory. Trees felled cleanly with no damage to surrounding area or shrubs/plants. All waste removed cleanly despite the confined space needed to be carried through. Very impressed with work undertaken.</p>
23-Feb-2018	
21-Feb-2018	<p>Good communication from contractor with customer and his team. Kept fully informed during the works. Some of the tree work which included removal of a 30ft Acer and stump grinding, had to be undertaken in a very confined space to save a wall. Respectful of neighbours and their vehicles. Very tidy on completion. Advice given regarding replanting. Competitive quote . Happy with work and neighbours asking for quotes too. Thank you, especially for helping us make the right decision regarding removal of the tree. No hesitation recommending.</p>

The work was carried out quickly and efficiently and all debris was removed apart from a few logs which I requested to make a log pile for wildlife. Andy explained my options so that I understood the costs and what would be done and the work was completed as per the quote. 30-Oct-2017	<p>Excellent work. Andy called me to double check during the process what was needed to happen (I had been considering reshaping vs felling, and had opted for reshaping) and wanted to ensure I was confident with the choice I had made. The resulting work was better than I could have expected and the tree looks much better with the deadwood removed and height</p>

	reduced.

The quote he gave was very reasonable and even though originally he said he wouldn't be able to do the work until March he contacted us to say he could do it sooner. We were really happy with the service we received from Andy - the tree looks great, all the waste was removed and everything was left in a very tidy state. We will definitely us his company again in the future.

Care taken to protect conservatory and greenhouse when removing the stumps. Aware that a specialist piece of equipment required - contacted me to arrange time whilst he had this equipment. Very tidy - excellent communication throughout the process.

Andy was very professional and reliable from the time we asked him to carry out the quote right through until the work was completed. He also made us aware of the process for getting permission as the tree had a TPO on it and offered to apply on our behalf. We were happy for Andy to carry out the work when we were not there and he left the area clean and tidy and we were delighted with the work he had done on the tree. We would certainly not have any hesitation in using him again or recommending him.
