Kevin did an excellent job. We're very happy with our new Dimplex Quantum heaters and electric water heating boiler that we can control easily via an app on my mobile phone. The installation process was carried out with minimal disruption and our decor was restored to its original state where necessary. All of our old system was removed without any fuss and the new heaters look very nice. I have no hesitation in recommending Kevin for any heating or plumbing work.

Kevin was amazing. He was friendly, reassuring and understood exactly what we needed. He went to a lot of extra trouble to make sure that we had a new boiler and a working shower as quickly as humanly possible. He also fixed our leaking sink and basin taps. A complete star and highly recommended. Thank you so much Kevin!

Our work was fitted into a busy schedule and undertaken very quickly. The standard of work was high as was the customer service, which was also friendly. We will not hesitate to use this tradesman again.

Initial contact was good and price agreed, However, no further contact was made until I rang the company to arrange this. A message was left for them to contact me but no reply. I rang again and a date was agreed. However, Kevin arrived a day early and completed the work quickly and efficiently. The only problem I had was lack of communication from the company otherwise very good.
