17-Sep-2018	Kevin Dowey was efficient in email communication. Personable, professional and polite. Appreciative of one's home- removed shoes, covered carpet, left area in a clean state, as found. Kevin came to clean a chimney because although there was no evidence of carbon monoxide and the gas fire had been checked, I felt unwilling to use the gas fire last winter as I felt sensitive to unburnt gas. Kevin found, in his experience, the largest squirrel's nest he had ever seen (built before a cowl was placed over the chimney pot). Kevin worked hard for the time he was here. I am very pleased and relieved that the gas fire is useable for the coming winter. Thank you, also, BUY WITH CONFIDENCE- you do a great job; thorough and professional.
