The fencing and paving work that they did was good but Mark left us with a half-finished job and over-charged for the work that they did. He had quoted me for new fencing and erecting a lean-to shed but on the last day of work he informed that he wasn't going to be able to do the roof and shed door because the person who had been going to do it had a bad back. He asked me to hold back £600 for the roof and door and pay for the rest. After getting other quotes I discover that the roof alone cannot be done for anything like £600 so we will be at least £1000 out of pocket. Basically his original quote for the entire job was reasonable but he cheated us by taking too much for the work that he did. Very disappointing. I had planned to use him again but I won't now because he's not trustworthy.
