As a non-IT man I depend totally on the PCPeople for support and Giles is absolutely excellent and totally reliable.

As usual I received excellent service from Giles at PCpeople. He responded quickly to my email. The problem was soon identified and resolved. I would have no hesitation in recommending Giles to anyone with computer problems.

My laptop recently decided to throw a wobbly so I contacted Giles. The service that we have always received from Giles is excellent. He goes out of his way to make sure that everything is sorted out and working correctly before returning the laptop. I really cannot thank him enough for the work he has done for us over the years.

Giles can always be relied upon to come when he says he will, to carry out the work he does efficiently and to explain what he is doing. To someone like myself, who is not tech savvy, it good to know that Giles can be relied upon when problems occur.
