We needed a line of three trees and two bushes pruning back in a cramped site at the back of flowerbeds. Chris came promptly to assess the work and quoted a very fair price. The team of three did an excellent job. Chris advised us about the best way of tackling the task and listened carefully to our requirements. The work was completed very skilfully and efficiently. Amazingly, they managed to avoid damaging the flowering plants in front of the trees/bushes! All the branches and clippings were painstakingly gathered up and disposed of. The trees and bushes looked far better than we'd anticipated. We were very impressed with Chris's knowledge and professionalism. We will certainly be using the company again.
