Tom and his team were very helpful and courteous throughout. They completed the work efficiently, and to time.

Excellent service from start to finish. This is the first time I've had any building work carried out on a property and the advice Tom and Karen gave me was really appreciated. The guys who carried out the work were very professional, always on time and as tidy as they could be. Highly recommended

We received a friendly, professional service from initial contact until job completion. An excellent level of service, attention to detail and quality of work throughout. Works completed to quoted price, with only small build delays due to material sourcing and slight changes to our requirements as the works progressed. We would have no hesitation employing Tom and the team for future works on our property.

Always obliging and accommodating of our wishes and kept us informed of the progress of the work. Would recommend this company without hesitation. Fair, expert advice, calm in adversity. Waiting for those Sou'westerley rains to check on the quality of the damp proofing work.

Bradley Home Preservations have been amazing! I contacted them following the recent bad storms with a roofing job that needed completing asap. From the first phone calls with Karen and Tom I felt reassured that I was in safe hands with a professional company. A refreshing change from other companies that I had contacted who were not even in the same league when it comes to customer service let alone anything else this was really important to us and much appreciated. From there on this company has carried out a brilliant job even several of the neighbours have commented on the job they have done and the professionalism of

the workmen attending even down to the uniforms :) I will be recommending Bradley Home Preservation to family and friends - Can't thank you enough!  
The company responded very quickly to my request, the owner was pleasant and professional and the job was carried out well - though some rubble was left in the front garden, which I removed. This is the only reason the score is not higher. I was also given advice on how to paint afterwards and what materials to use. Overall, I would recommend this firm.

Tom responded quickly to request for estimate and his team carried out the work promptly and really efficiently. Work took a few days and area was always tidy when we returned home each day.

Tom and his team completed a full house renovation for us. The property hasnt been touched for 60 years and was in need of a full rip out inc roof work, rewire, replaster, insulating, replacement bathroom and kitchen, plus new extension. Throughout the project we made a number of changes in terms of the specification, yet despite this Tom was patient and supportive. We cannot fault the service he has provided from start to finish. Great value for money and very professional. Highly recommended.
