Comments: My name is Craig Hughes and I am the Director of Premier Brickwork (NW) contractors Ltd. I have over 30 yrs experience, within the building trade. Premier Brickwork provides a full building/construction package from start to finish with the initial advise and consultation to the complete Build. Our team is made up of experienced, time served qualified trades. We pride ourselves on our reliability, excellent customer service and quality staff.

After the initial consultation a detailed estimate is sent out to customers containing information of what is included in the work. We have a no upfront payment policy and offer an agreed payment plan with contracts, this provides peace of mind knowing your job is in good hands and the client will understand what they can expect to receive from our Company.

We work for the commercial and private sector and pride ourselves on flexibility and adapting to the clients needs. We use recognisable local companies, ensuring all materials are supplied locally helping keep the economy within the surrounding local area. We are proud that we are an approved trader on the Tameside buy with confidence scheme and trusted trader. We also work closely with Tameside College providing apprenticeship programmes to ensure local young people are trained to High Standards.
