We had a very mixed and large pile of household rubbish following some renovation and decorating work on our house. We emailed Chris Johnson who replied the next morning and enclosed their waste carrier licence. The work was carried out that afternoon. Brad assessed the rubbish and gave us a fair quote. Brad, Kyle and their colleagues removed the rubbish like lightning! Not only that but they swept up our garage afterwards. They were very polite and informative. We wouldn't hesitate to use them again. It is reassuring to know that our waste will be disposed of safely and legally at the local authority tip and not strewn around our countryside.

I 'phoned in the morning and they came at 2 o'clock the same day and removed everything I asked them to. They swept up and generally cleaned up after them. I would certainly use them again if needed.
