14-Nov-2016	Good quality work, trustworthy, reliable and good communication too!
04-Sep-2015	I've just collected my Porsche 968 from Timperley Motors following its annual service. I cannot recommend this garage enough. They keep you informed throughout, you speak directly to their incredibly knowledgeable mechanics and they really care about you as a customer. The cars running better than it ever has done - great job.
15-Aug-2015	Always great service and advice. Friendly atmosphere and always helpful. We have used Timperley motors for over 20 years on recommendation and would not go anywhere else.
27-Apr-2015	The level of service I received was excellent, the repair works were carried out as I requested followed by the MOT, overall Timperley Motors provided a good service and value for money.
27-Apr-2015	In the time I've used Timperley's I've found their service and knowledge of motor vehicles unbeatable. Chris and Tony are not only friendly and willing but also provide great customer care at competitive rates. (Beats my garage!)
14-Dec-2014	I have used Timperley for over 20 years now for servicing and repairs. They are an approachable, honest and friendly family business whose work has always been of an excellent standard. I have no hesitation in recommending them.
06-Dec-2014	First class service, customer focused, and very reliable.
28-Nov-2014	My wife and I have been using this family business for regular servicing of two vehicles of different types for over 30 years. The standard of service has been consistently excellent and reasonably priced. This has brought us considerable peace of mind just knowing that the job is going to be done thoroughly and to the correct safety standards, with no danger of being "ripped off". In urgent situations they have always done their best to help us and I have no hesitation in recommending them to others.

Excellent service, honest and reliable. We have the upmost confidence in Timperley Motors to diagnose problems, specify work to be done and complete that work in a timely manner with absolutely no problems. This business is a distance from where we live but honesty, reliability and a job well done will bring us back to Timperley motors rather than look for a trader nearer to home.

Always first class service from Timperley Motors. Friendly and reliable every time. They have got me out of a jam on many occasions; vital for someone who needs a vehicle to do the school run, work etc. The team keep you updated on the progress of your repair and always alert you to any issues or delays. I am glad I don't have to have my car repaired every week, but whenever I need to I know my car is in safe hands with Timperley Motors

Great customer service; kept updated throughout and informed of any additional cost and the best options to fix my car. The team at Timperley Motors really know their stuff when it comes to fixing cars, you get a direct conversation with the mechanic and they all have the ability to translate any problems into a comprehensible language. I had some bodywork done too and the quality and colour match was fantastic. I would recommend you give them a try, way better than a dealership at half the cost and it feels like you can really trust them with your pride and joy.

Excellent customer service. Impressed with the knowledgeable mechanics. They solved a problem the main agent could not. Also much cheaper than the main agent.
