We cannot recommend Ben, Mark & Jason highly enough. They were extremely helpful from start to finish, extremely knowledgeable, kept the site tidy & organised at all times, respectful of the clients property, very thorough & carried out each piece of the work to the highest of standard. Thank you so much guys.

This was the second major extension Ben and team did for us. The first one was double storey side extension done 5 years back and this was rear kitchen diner. It was no-brainer for us to go back to Ben again. Ben is not only an excellent builder, but a great leader for his team and a well organized project manager. There are so many things about building work, about which we don't know what we don't know. Ben knows what is critical enough to educate you about the options for, so you can participate in decision making, and takes care of all trivial aspects on his own. I will highly recommend Ben and team for any scale of building project.

I can't praise Ben Darby and boys highly enough. He

	<p>made the whole process and experience of our extension as stress free as possible. Nothing was ever too much trouble and we always felt the decision making process was made easier. They were always very clean and tidy and the site was always cleared every evening before they left. Would highly recommend.</p>
29-Sep-2020	<p>Darby Builders are thoroughly professional in their building work. The full specification was met and a quality build. Always a tidy site and clear communication through out made the build less stressful. Regular and clear payments helped with managing payments and all work was itemised.</p>
03-Aug-2020	<p>Ben, Mark and all sub-contractors worked brilliantly together to build a room over our garage. Despite the pandemic, they performed heroically to complete an extension that looks stunning. Many people have commented that it looks like it was a part of the original house, such was the expert way they matched all the bricks, tiles and woodwork. Throughout the build, Ben was always willing to listen to proposed changes and worked with us to accommodate what we wanted. I fully appreciated his patience, flexibility and good nature in our discussions - it made us feel more and more confident that we had chosen the right builders (and sub-contractors). I wholeheartedly recommend Ben Darby Builders.</p>
06-Jul-2020	<p>Ben and his team have been outstanding not only in workmanship put Knowledge of construction, as the project started there were several suggestions were put forward to adjust the building work to improve design and if possible to save money on the building work. I would highly recommend B Darby Builders and I will have them back later in the year on any other project, they are professional in workmanship and personally.</p>
30-Jun-2020	<p>I couldn't have wished for better builders. All work was done the 'proper way', with no corner cutting. The team were a pleasure to have around and I missed them after they left. You couldn't ask for more polite, tidy and thoughtful builders. Every challenge they came across was carefully considered and thought out, with nothing they couldn't solve. Many passers by commented on how great the extensions look and good the brickwork was. I would recommend without any hesitation!</p>
12-Apr-2019	<p>Above and beyond. Honest and hard working. Nothing was too much trouble. Reliable and very high standards.</p>
