I have 3 separate areas of my garden all of which require slightly different approaches. Nothing was too difficult for Aye who completed the job as well and as quickly as anyone I have employed previously.

The service we got was great, the work took place over a number of days and any feedback we provided during that time about things that we want addressed were done immediately and the finish product is great quality

We are very happy with the finished result. The quality of workmanship is good and the team were very friendly and helpful sorting any issues that arose on site.

A professional and efficient service

10-Jul-2017

Aye, Susan and team were very professional in providing a competitive quote with detailed costs for a new patio with retaining wall, lighting, lawn re-turf and some fencing/gate replacement work. The work itself was completed in the time frame agreed despite a couple of additions. There were the inevitable decisions to be made mid project but nothing that couldn't be resolved after a bit of discussion with Aye. Matt, Steve and the rest of the on-site team were very friendly, courteous and clean and hard workers. Our two young boys loved having them around! We are really pleased with the finished product.

Right from the first contact with this company I was impressed by their prompt service and efficiency. They did the job on the exact day as booked, arrived

	<p>promptly made an excellent job of preparing and laying the turf. Cleared away afterwards. Polite and courteous.. Gave full lawn maintenance and we are very pleased with how the lawn has taken. We would highly recommend this company.</p>
31-May-2017	<p>Sincere thanks for accommodating me. Pablo has done a great job and understood what I needed after a fairly brief chat. Absolutely delighted. If I had been on his shoulder all day he couldn't have done a better job. Polite friendly and rang me at the end of the day.</p>
29-May-2017	<p>From first enquiring to completion, communication and timing was excellent. My plans were used and my measurements checked and materials needed worked out from this. Aye and Susan came to see site pre work to check what was needed and measure. Steve and Paul who did the work were polite and helpful and checked with me re ensuring plans were accurately followed. The contractor who delivered the soil unfortunately and annoyingly delivered at wrong time which meant no protective membrane underneath the soil and too much delivered, but Aye and Susan have made a mutually suitable arrangement to compensate me for this. I have been very happy with Aye gardening and would use them again.</p>
23-Apr-2017	<p>Avegardening designed and constructed a road for our Nursery and Reception children to use their bikes on. The road was made out of artificial grass complete with humps, parking bays, road markings and traffic direction signs. From the design stage, throughout the works to completion, we could not have asked for a better service. They were excellent at communicating, trustworthy, honest and reliable. Our children are loving their new addition to outdoor learning - thank you. We would highly recommend this company.</p>
13-Apr-2017	<p>Ayegardening have been fantastic, Susan talked me through what I would need and I felt really safe in their hands from the offset. Pablo can to do our garden maintenance, he was professional and knowledgeable. Ayegardening did a fantastic job and I would definitely use them again.</p>
05-Apr-2017	<p>Prompt efficient customer service when arranging for someone to come out. Then an amazing transformation of our garden from 2 very polite & hard working guys, who appreciated the cups of tea I made to keep them going. Thank you so much :o)</p>
01-Mar-2017	<p>The personal service and attention to detail that Aye and Susan gave to our project was excellent. Aye was on site all day with the team, who were all polite and professional everyday. The standard of workmanship was exceptional, we made changes as we grew into the project and nothing was too much trouble. We now have a beautiful garden that was very good value for money.</p>
