If you want a competitively priced job that is not going to be the cheapest, if you want to be kept informed at all times about timing, given a list of materials available to choose from, a really friendly service and a job done to the highest standard then choose Inside Out. Paul is incredibly helpful and charming, his team are professional and reliable, they leave the site looking absolutely perfect. I have nothing but praise for this company and I am going to make sure they quote first for any future work I need doing on my house and I will be recommending this company to my friends.

30-Mar-2016

Paul and his team worked very hard to complete the work of emptying, demolishing and replacing a large garden shed, together with fencing and concreting work, before the weather broke. The work was done to a high standard, the site left clean and tidy with waste collection handled efficiently. The estimate and final invoice were fully itemised and easy to understand and the work was completed to estimate and to time. They were pleasant to have around and I would not hesitate to recommend them.

07-Feb-2016

Excellent service, very pleased with the results. Very courteous and ensured the the job was completed as detailed in very good time. Definately would recommend and use again.

31-Jan-2016

Fences look great. Very tidy work.

16-Jan-2016

Fantastic company, exceptional eye for detail, very courteous, I am over the moon with our new kitchen. It came with a few curveballs along the way and Paul and the team dealt with all aspects with professionalism. Everything installed to a very high standard. Would highly recommend

18-Nov-2015

The service and quality of work were both fantastic.

14-Nov-2015

They are a great team, can't recommend them enough. The service from Paul and his team was 1st class and I would recommend his work to all my friends and family, they are punctual and courteous and keep you informed at all times

09-Nov-2015

Insideout were brought in to repair our rainwater drainage system, build a large rear patio and rebuild the steps and paving to the front of our property. They undertook the work in an excellent manner, and dealt with a number of issues that arose (due to our existing drainage system being in a much worse state than we had originally thought) extremely effectively. Budgets were effectively managed, all work was undertaken cheerfully and courteously, and (most importantly) the end result was excellent.

08-Nov-2015

Very professional and hard working. Would highly recommend.
