Excellent and friendly

24-May-2018

I have used Martin and Ben twice now on a couple of my properties. They have always explained to me clearly the problem and showed pictures which is brilliant as it makes it much easier for me to understand. Each time they turned up when they said they would. And in my opinion did a excellent job. I Am always recommending then now.

23-May-2018

Following a very distressing visit from a company in Worthing, who quoted an enormous amount for repairing the damaged fascia and in addition this man frightened me by giving me a list of other repairs that he said needed urgent repairs. I was fortunate to have in my possession a "Trading Standards" book listing approved local buisnesses, where I found MJB Roofing from Shoreham By Sea, This is a well established family business. I had a visit from the company the damage was assessed , and I was given a estimate , I was shocked at the price as it was so reasonable. when I pointed out what the other man had said about all the other supposed defects. I was reassured that was total fabrication on this other mans part. My damaged fascia and wood work was replaced and roof inspected .All good.

Professional approach, confident in isolating the problem and offering a simple and straightforward solution. Very reassuring and polite gentleman.

22-May-2018

Following a bad experience with other roofers and whose work leaked within weeks of being completed on our new extension, we arranged for MJB roofers and another roofing company to quote to rectify it. Both roofing companies concluded that the whole roof needed to be totally replaced. Both quotes offered were identical. We chose MJB Roofing as they had been highly recommended to us and we were not disappointed with our choice. Martin and his son Ben

01-May-2018

were courteous, helpful and totally trustworthy and explained everything fully and took pictures & videos of the work from start to finish. They were professional & friendly and the quality of their work was superb. It was evident they take great pride in what they do. Exceptional workmanship from great guys and we highly recommend them.

I sought an estimate for re-roofing a 1936 built house. I had estimates and needed others to see if it was competitive. I was shocked by their suggested price of nearly twice the price the job is worth. I cannot recommend them on this estimate. And would strongly suggest you get other estimates if inviting this business to quote. Trader response to review: We met the customer at his property. He told us he wanted areas of his main tiled roof replaced, a chimney taken down and a chimney re-pointed. I said to him on leaving the property- when you receive the estimate anything you don't understand give me a call. We are a family run business operating since 1976 - we would have appreciated a call.
