First class service. Refitted shower door unit. Was thorough and very tidy.

07-Jul-2019

We booked Adrian to repair our shower. He diagnosed the problem and having obtained the parts turned up promptly on the agreed date and did the job. Thankfully however he noticed that the support for our cold water tank in the loft was unsound and despite having a heavy workload elsewhere he prioritised sorting the problem, spending a great deal of time making it safe. First class service and explanations received throughout and would have no hesitation in using again.
