| 07-Feb-2019 | Having used Rodd Brickwork for a project before and been very satisfied we had no hesitation in contacting them again this time, once more a brilliant job. Thanks to the hard working lads. |
| 01-Feb-2019 | Rodd Brickwork have done various building work for us over the last couple of years and i have been happy to highly recommend them to other local schools. |
| 16-Jan-2019 | Very pleased with all the work. Stuart and his team are very efficient and reliable. They are very polite and leave everything clean and tidy at the end of each day. I would definitely use them again and would recommend them. |
| 16-Dec-2018 | Level service was good... All Stewart's team work to high standard... Leaving the kitchen up and running |

22-Nov-2018	each stage along the way...recommend this company. Very good service. The project progressed quickly whilst the works were being carried out with delays only due to awaiting parts. Very good level of finish. Very helpful when inevitable unforeseen problems arise
22-Nov-2018	We used Rodd Brickwork to build a kitchen/dining room extension to our home. Stuart was helpful right from the start, advising us and taking the time to understand exactly what we wanted to achieve from the build. We viewed several projects already undertaken by Rodd Brickwork and were impressed by the overall finish. Stuart kept us well informed as to how things were progressing and project managed the entire build brilliantly. The whole team were polite and friendly, and took great pains to leave the site neat and tidy at the end of each day. We are extremely pleased with the end result and would have no hesitations recommending Rodd Brickwork.
15-Nov-2018	Great service, Stuart always kept us informed of the days the guys would be with us and any weather delays. He responded positively to any changes in the spec suggested by me. But the quality of work by Bob and Louis was superb, such attention to detail. It has given our front and side walls a new lease of life.
08-Nov-2018	Reliable, trustworthy team. A prompt morning start and hard working through the day. A good standard of work from all the tradesmen on the team.
07-Nov-2018	Stuart and his team went above and beyond to deliver my project on time with the team working until 9pm one day. I can't recommend highly enough!
25-Oct-2018	I was recommended to RB and, visiting three houses that had work done by them, I was persuaded. I was impressed with every aspect of the Company's work, whether by Stuart's own team or sub-contractors he used regularly. They were hard-working, diligent, tidy, professional and easy to have around us for six months. There were some minor intervals where other work drew people away but overall the timescale was reasonable. Stuart's own oversight and liaison with me was exceptional; he put a critical eye to everything and never accepted second best. Every detail, and change where necessary, was discussed honestly and completed to mine and his, even higher level of, satisfaction. Original costings, and variations, were all very acceptable. The room is a perfect extension to our home.
17-Oct-2018	Very pleased with all work carried out and would certainly use Rodd brickwork building services again. top workmanship
04-Oct-2018	Stuart was very good at keeping us up to date with the work, the tradesmen were polite and kept the site tidy.
25-Sep-2018	I use Rodd Brickwork because I have always been impressed by their finished work. Although obviously not as important as structural integrity, the decorative look and finish of outward brickwork shows the level of

25-Sep-2018	<p>skill and pride in their work. Rodd Brickwork have, in my experience, always delivered a very good job, and I would have no hesitation in using them again.</p> <p>Stuart is an excellent project manager, keeping works on track and the client informed. All of the contractors used were of a high standard. Rodd Brickworks is an excellent company and highly recommended.</p>
13-Aug-2018	<p>Very busy but made this clear at the outset and proved to be well worth the wait. Arrived when agreed and the team were polite, professional and friendly. Specialists employed where necessary and all trades involved did an excellent job. Site always left clean and tidy. Stuart personally checked all stages of the work and ensured that I was happy with progress. It's been a pleasure to have the Rodd team working here and I have no hesitation in recommending them.</p>
12-Aug-2018	<p>Rodd Brickwork fitted new patio doors and painted the outside of our house. Very happy with the work carried out.</p>
08-Aug-2018	<p>They did an excellent job replacing our garden walls. Worked hard and we would employ them again.</p>
30-Jul-2018	<p>Rodd Brickwork carried out an extension to our home, using plans drawn up by our architect, and other maintenance on the house and garden. We were very pleased with the work carried out and the care taken by Stuart and his team. Excellent attention to detail and any issues that arose were dealt with very quickly along the way. Stuart's team went out of their way to ensure we had a working kitchen in time for Christmas even though it meant long hours for them. I have recommended Rodd Brickwork to others and would certainly use them again for future home improvements.</p>
19-Jul-2018	<p>Stuart and his team of architect and tradesmen were excellent from start to finish, listening to what we wanted to do, giving ideas on practical solutions and designing what we wanted. They were efficient and hard working on site and had a great attitude to their work, clearly taking pride. Stuart was adaptable to inevitable changes and was receptive to questions and feedback we had for him. Would use again and have already recommended to friends.</p>
21-Jun-2018	<p>I was more than happy with the work i recieved. Over the moon with my new porch... met all expectations and more. Extremely helpful.. informative... neat and tidy and answered all my queries and questions. A great bunch of guys and would definately use again</p>
09-Jun-2018	<p>We have now used Stuart and his team for the refurbishment of our bungalow including removing old concrete pathway, demolishing and rebuilding porch, re roof, replace windows and front door and internal plastering and external rendering and have been very happy with all the work done. Stuart had been had kept us informed all along the way and always turned up when scheduled. The couple of little problems that we</p>

	did have, were sorted very quickly even over weekends and bank holidays. We wouldn't hesitate to recommend Rodd Brickwork.
03-Jun-2018	Excellent work carried out by a very professional company. I would certainly use them again.
24-May-2018	Good quality work carried out as expected, in a timely manner. Cleaned up well after work was completed.
09-May-2018	We have just had a complete kitchen refurbishment. So pleased with the end result. Stuart and his team are very well organized, clean and tidy. This is the 2nd time we have used Rodd Brickwork. Last year his team built and extension as a replacement to a very old conservatory. More than happy to highly recommend them to friends and family
30-Apr-2018	The service from Rodd Brickwork did what it said on the tin and a bit more. They have been rated accordingly and I'm happy to recommend them to others who want a reliable and high quality job for a reasonable price.
25-Apr-2018	This is our second project Rodd Brickwork. From conception to completion you could not want for better service, better value, better quality workmanship or better attention to detail. The project involved removing an internal wall, replacing ceilings, moving a loft hatch, replacing electric fittings, radiators, boiler, windows, internal and external doors, then decorating and adding flooring and carpets. Right from talking through our ideas Stuart took a great deal of care to listen & understand our specification. He sourced a range of quality products for us to make our selection from, always on hand to discuss or advise where needed & project managed the wide variety of trades involved, keeping everything on schedule, within the agreed budget and always keeping us informed of progress.
10-Apr-2018	Stuart was very easy to deal with & kept us informed all along.
08-Feb-2018	Rodd Brickwork is the perfect solution to our renovation, building and garden landscaping works. I don't know what we would do without Stuart Rodd. He manages his team with precision. With Stuart at the helm I have total confidence that work will be completed as discussed and changes incorporated without fuss. Excellent service and total peace of mind. I would recommend Rodd Brickwork
19-Jan-2018	A great team of skilled workers, who were reliable, hardworking and friendly. All the work was done to a high standard and communication with Stuart was excellent. Would use again and recommend.
12-Jan-2018	Very professional outfit. Estimated, advised and communicated really well then came back and done a first class job. Clean and tidy too which is always nice! Will use again and would definitely recommend.
09-Jan-2018	We received a first class service from start to finish, we were extremely happy with the workmanship, they

05-Dec-2017	<p>worked a full day which we were very happy with and would not hesitate to use this company again</p> <p>2 x Brick piers and boundary wall remedial work. Good communication, kept us updated during weather delays. Very pleased with end result - would use again. Thanks.</p>
20-Nov-2017	<p>I would highly recommend them â€¦ These guys were fantastic from quote to completion. Very friendly and professional. The communication was excellent and the quality of work was perfect. We are thrilled with the end result. Cannot recommend them enough we will be using them again.</p>
10-Oct-2017	<p>We decided to choose Rodd Brickwork to build our amazing new extension as we had seen the quality of their work first hand and had been highly recommended by a friend. Stuart Rodd was an invaluable project manager, providing an excellent service from first contact right through to completion of the build. The Rodd Brickwork team and extended team of local tradesmen, were all highly skilled, polite, conscientious and hardworking. At the end of everyday the site was always left in a clean and tidy condition. We are so pleased with our fantastic new extended family living space. The standard of work is excellent and we would have no problem in recommending Rodd Brickwork ourselves.</p>
03-Oct-2017	<p>Very impressed with excellent workmanship and quality team work. This is our first experience of a building work and it went very smoothly. Would fully recommend Stuart and his team again.</p>
30-Sep-2017	<p>Job completed as quoted. Efficient, reliable and helpful in resolving issues outside of the original quote. All Good, would recommend.</p>
28-Sep-2017	<p>A fantastic, friendly and professional local company, which is hard to come by these days. Stuart and his team are very reliable, clean and excellent time keepers. a real pleasure to have used them and we will not be using anyone else in the future.</p>
20-Sep-2017	<p>Rodd Brickwork were very pleasant, reliable people. Job done to a great standard. And we are really happy with the finished product. Would highly recommend.</p>
07-Sep-2017	<p>Rodd Brickwork are a local company who we have used previously. They always provide an excellent service, from first contact right through to completion, and to a very high specification. Stuart and his team communicate very effectively and offer good advice where and when necessary. I would thoroughly recommend them for any sort of building works.</p>
30-Aug-2017	<p>The workmen were all very courteous and everything was done by agreement and with notice of what was advised. the whole site was left in a clean and tidy condition.</p>
29-Aug-2017	<p>Our dealings with the employees of this company was excellent. They were courteous, tidy and good humoured all through the build. Their standard of work</p>

	<p>of of the highest and we would have no problem in recommending them.</p>
04-Aug-2017	<p>Stuart runs a very efficient business. All of the appointments he made with me he arrived on time as did the quote. The job involved Stuart negotiating with my neighbour to set a date for the job to begin and even though due to my neighbour this didn't go as planned, the job was completed on the day. A great guy and yes a company I would recommend and use again.</p>
01-Aug-2017	<p>A friendly, considerate and efficient team - we thoroughly recommend Rodd Brickwork.</p>
24-Jul-2017	<p>Rodd Brickwork were superb, I had become disheartened at so many builders not getting back to me with a quote. Stuart was prompt with the quote on a leaking stone clad chimney on the front of the house. Removed all the cladding, reduced the height, rendered the chimney & front of the bungalow. Inside removed the damp plaster on chimney breast & replastered. His standard of work was excellent & each day he would keep you updated as to the work plan, who was coming & what time the following day, which made such a difference. Would certainly use him again, I have had a fair amount of building work done on previous properties & he has been one of the best builders I have used.</p>
27-Jun-2017	<p>This is the third occasion I have used Rodd Brickwork so that speaks for itself. Stuart Rodd's help and advice in achieving a solution to a relatively small problem has resulted in a first class wall fronting the property with excellent bespoke railings.</p>
23-Jun-2017	<p>Stuart and team replaced my rear garden boundary with a superb new 6ft brick wall, plus gate, and moved paving to provide a patio area. From the initial visit to completion, I was very pleased with my decision to choose Rodd Brickwork. The site was left neat and clean each evening and the resulting wall was a credit to the team. Although I was not present on site most of the time, my neighbours all commented on how polite and pleasant they were. Stuart ensured that all my requests were carried out and I wouldn't hesitate in choosing them again or recommending them.</p>
06-Jun-2017	<p>We approached Rodd Brickwork to build a bespoke outdoor BBQ and a stand to hold our new pizza oven. We are over the moon with the result and the work was completed to a high standard. During the build, the dust and debris was kept to a minimum and everyone involved was polite and professional. I would highly recommend Rodd Brickwork.</p>
09-May-2017	<p>Stuart Rodd provides a fantastic level of service, delivered on-time and at reasonable cost. Stuart has been able to provide us with a wide range of building services, each delivered to the same high standards.</p>
04-May-2017	<p>We have just had our front garden wall rebuilt by Stuart from rodd brickwork and we could not be more pleased with it, all the the work carried out from the</p>

	<p>first visit through to the finish was exceptional. Stuart could not have been more helpful and his employees are a credit to him, their attention to detail is second to none even returning to replace a brick that was missing from our neighbours wall We would definitely use rodd brickwork again without any hesitation and cannot recommend them highly enough, If we could have given more than five stars we would have Barry & Jeanette Skuse</p>
04-May-2017	
23-Apr-2017	
	<p>When we started out we had no idea who to use for our project, however we are glad we noticed one of Stuart's signs and gave him a call. We had a 8m x 4m single story extension designed and built by the company. Stuart and his team provide a quick, clean and courteous service. We were kept well informed at each stage as to what would happen when. We were amazed at the speed of the build, and bearing in mind this was a winter build they ensured we remained weather tight. Rodd Brickwork have transformed our small kitchen/dining room into a fantastic, modern, large family living space.</p>
12-Apr-2017	<p>Its always a worry choosing a building firm for the work you need completing. Its not just the quality of work but also the fact we have a 2 young children, so behaviours and safety come into the equation. I have to say that in Rodd Brickwork they ticked all the boxes... and some. they were always polite and respectful around us and the children, they left the site so clean and tidy after each day which took the worry of the children hurting themselves out. in terms of the work, Stuart dealt with the job from start to finish, adding valuable input when designing the work we wanted, not leading but more like guiding us from his experience, and I have to say he was correct in everything he suggested and the completed work is incredible! Stuart and Rodd Brickwork really have exceeded, from what could have been a costly headache turned into a fast flowing, trouble free exercise and we couldn't be happier with the outcome. I would really recommend Stuart and Rodd Brickwork for any building, designing work you may need now or in the future, I will certainly be using them again.</p>
21-Mar-2017	<p>Rodd Brickwork provided a prompt and reliable service. They were clean and tidy and the quality of the work was first class. Would not hesitate to recommend.</p>
23-Feb-2017	<p>Excellent service. Arrived on time. Friendly workers. Well informed as to work required. Area left clean and tidy at the end of the day. Fun company to have around.</p>
28-Jan-2017	<p>Good communications, value for money, professional approach, clean and tidy. Brickwork matches in with the rest of the house. It was party wall and the neighbour was please with the wall and how they respected their garden and property as well.</p>

03-Jan-2017	I have used Rodd Brickwork twice now and would thoroughly recommend them. The job was complete in a timely manner, the mess was kept to a minimum and most importantly for me i could leave a key and leave them to it. Totally trustworthy, friendly, helpful and an excellent finish to the job without any problems along the way.
23-Nov-2016	The work carried out by rodd brickwork was excellent. The work was completed in time frame given. They were punctual, hardworking, and ensured the site was clean and tidy on completion of the work. Would recommend this company to anyone.
20-Sep-2016	Stuart and his colleagues were helpful from beginning to completion. Stuart was able to help us interpret the architect's plans and include alterations that helped us make sure that the space worked best for us. Stuart was able to recommend local suppliers, such as for our bifold doors, with whose service and goods we have also been very happy with. Stuart and his Team were polite, approachable and helpful throughout and ensured that we were provided with information and options to ensure that we were able to make informed decisions when consulted with by them. We would recommend Rodd Brickwork to any of our family or friends.
23-Aug-2016	The work involved rebuilding our low front wall and it was carried out fast and efficiently with all rubble removed leaving the site clean and tidy. Care was taken to match the new bricks to our existing brickwork and there was very little damage caused to growing plants - all in all an excellent job and good value for money. This is the second time we have called on Rodd Brickwork and both times they have consistantly been excellent. Highly recommended.
30-Jul-2016	Stuart has a very pleasant manner. He kept me informed at each step. The guys doing the work were punctual, pleasant and efficient. All of which helps restore my faith in workmen.
27-Jul-2016	arrived when said and completed work within time and budget
27-Jul-2016	Brilliant service and attention to detail, this is the third time we've used Rodd Brickwork. In this case the demolition and rebuilding of our porch was done to the same standard as the other projects. I would always recommend them.
19-Jul-2016	From the start when I received the quote to re-point my gable wall and parent coping last year and repair the lintel over the window, Stuart was very attentive and we agreed to carry out the work when the weather improved. He kept me informed and when they arrived it all happened quickly. Scaffold up on Friday and guys started work on Monday, kept neighbours informed of the dusty nature and cleaned my garden and neighbours as well, which avoided any problems. Work was completed on budget, in good time and completely

	<p>to my satisfaction, including extra work to install a new fence post damaged by the gales earlier. An excellent service all round.</p>
08-Jul-2016	<p>Stuart and his Team at Rodd Brickwork were fantastic in terms of the quality of their work, their communication with us and helping ensure our build went smoothly and efficiently. We can't praise and thank them enough.</p>
02-Feb-2016	<p>Friendly, enthusiastic and professional services. Excellent communication and high standard of quality, I would highly recommend their services.</p>
11-Jan-2016	<p>We have used Rood Brickwork on previous projects, one I have also reviewed on this site. Large chimney needed to be repointed and new lead work on the base of the chimney was required. In addition there was work to be done on the existing clay pots which sit on the top of the chimney. Stuart used his own staff for the brickwork element, and used his own contacts for the lead work required. Scaffolding was also needed to complete all the work. Everything was completed to our satisfaction and as before Stuart handled all aspects of the work and provided us with one point of contact/responsibility. Importantly where before the top flat was getting water damage during severe weather, this has now stopped completely. The price for the work came under his initial estimate which was an added bonus, this to me highlights the honesty and professionalism of Rodd Brickwork. Thanks again for all your help!</p>
11-Jan-2016	<p>We went to Rodd Brickwork for a conversion of an existing conservatory. The work included converting existing separate lounge & conservatory into a open space lounge/conservatory. The conservatory was completely replaced with new, layout of lounge was altered also. We were delighted with the outcome of the project and it has created a much improved living space for all the family. Apart from the quality of work being to a very high standard (we knew this having previously used Stuart and his team for a previous project) a huge benefit was the way Stuart managed all the other tradesman to complete the work. Carpenter, decorators, plasterers, electricians and architect, he managed all involved, kept us up to date with the progress at all times. When certain things had to change which is inevitable when completing a project like this, he sat us down and clearly explained the reasons for any change and options we had moving forward. It also meant we only had to deal with Stuart at all times. He met every tradesman on site and would also sign off any work they had completed before they could submit invoices. He clearly explained the costs of every aspect of the project throughout and delivered the project in budget! I wouldn't hesitate in recommending Stuart and his team at Rodd Brickwork.</p>
08-Jan-2016	<p>We are extremely pleased with the work Stuart and his team have carried out. Nothing was too much trouble,</p>

	<p>they were very helpful with suggestions and tried to keep mess and inconvenience to a minimum. We would not hesitate to use them again or to recommend them to others. In fact they were recommended to us in the first place. They were very professional and courteous at all times and used quality materials whilst providing a competitive quote.</p>
02-Jan-2016	<p>We were fitted in over a Bank Holiday weekend. The repointing was done with no fuss and no mess. Now our two chimneys look really clean and smart.</p>
03-Dec-2015	<p>Very professional from start to finish. Kept updated on progress at all stages. The end result is better than we could ever imagine.</p>
16-Nov-2015	<p>Gave good information before starting the work. Turned up as promised. Work carried out quickly and everything cleared up afterwards.</p>
16-Nov-2015	<p>Even though the weather was appalling Stuart and his team always turned up when they said they would and were a very cheery workforce.Great work guys.</p>
12-Nov-2015	<p>The project was completed in an atmosphere of Friendliness and good will. Every effort was made to protect all areas adjacent to the project. it was a very happy outcome all round. I would not normally recommend to my friends but this case would be the exception.</p>
11-Nov-2015	<p>Professional in their approach to business and they take care over the quality of their work. Friendly and diligent. Would certainly give them repeat business and can recommend with confidence. Stuart knows his stuff !</p>
11-Nov-2015	<p>We are delighted with the extensive work carried out by Rodd Brickwork on our bungalow. Very nice team, always on time and work very hard.</p>
10-Nov-2015	<p>From start to finish the level of service was excellent. The workmen were very polite, hard working and cleaned up each day. The end result is a wall which looks very professional and which I am extremely pleased with. From the acceptance of the quote until completion the communication level was second to none which I appreciated. I would have no hesitation in recommending this company. B</p>
09-Nov-2015	<p>Stuart and his team were reliable and professional throughout. The project management of our extension and patio was very smooth and the quality of work is excellent.</p>
09-Nov-2015	<p>Excellent work by Rodd brickwork team</p>
09-Nov-2015	<p>Well planned and courteously executed work. Team helped with best brick match v value. Professional phased payments and recording. Beautiful work to whole garden, ground and brickwork and nothing left other than perfect. Stuart and the lads were the right choice and a stress-free pleasure to choose for such a complex job. 10/10</p>
08-Nov-2015	<p>The level of service we received from Rodd Brickwork</p>

	<p>was second to none. Professional, attentive, friendly and clean & tidy! The quality of the workmanship was excellent but more importantly for us, was the outstanding level of customer service. Rodd Brickwork truly listened to what it was we wanted and if something was not viable for our property, they came up with a variety of options and were honest with us on their suitability.</p>
07-Nov-2015	<p>This was first time we had undertaken major building works and were quite nervous about the process. Rodd Brickwork guided us every step of the way - from putting us in touch with an architect, the planning process right through to the completion of the job. The team on the job were very reliable and friendly and we were kept informed of progress at every stage of the build. During the main part of the build we would often get a call in the evening to update us of the days work and next steps - for us this was very reassuring. I would hesitate to use Rodd Brickwork again in the future.</p>
06-Nov-2015	<p>Despite being a relatively small job rebuilding a damaged wall the service provided was prompt and professional with clear communication when inspecting damage, quoting and undertaking the rebuilding work.</p>
06-Nov-2015	<p>The team were punctual, hard working, flexible when work changed. They were respectful and caring about the job, and with a sense of humour to. A great team and a good job done. Thanks guys</p>
06-Nov-2015	<p>We were delighted, also with previous building work we have had done by them. Excellent in all areas - reliable and hard working.</p>
06-Nov-2015	<p>Flint wall reconstruction. Excellent workmanship, clean and tidy during build and great communication throughout. Recommended business.</p>
05-Nov-2015	<p>Very knowledgeable, efficient and helpful. They were happy to discuss at length what needed to be done and listened our requirements. Work undertaken was of a good standard. Re-pointing work on our house was carried out to an excellent standard, particularly as it involved the use of dark coloured mortar, not easy to do neatly. They have constructed a conservatory wall for us and re-built walls and fences at other properties we own. We have never had any problems and the sites have all been left clean and tidy afterwards.</p>
05-Nov-2015	<p>Excellent service and professional workmanship from a first rate company</p>
05-Nov-2015	<p>We have now used Rodd Brickwork a number of time and have always experienced a professional and efficient service from them.</p>
04-Nov-2015	<p>We employed Rodd Brickwork to lay a large area of paving around the back of our house. Stuart arranged for various samples of paving to be sent to us, and helped us in deciding which was the best option for our needs. We were kept fully informed of delivery dates, and when we could expect the work to start. The team</p>

	<p>were always punctual, polite, and friendly. They always left the area clean and tidy at the end of each working day. The weather at the time was very changeable, and if work on any day couldn't proceed, we always received a phone call. We are really pleased with the end result, and have no hesitation in recommending Rodd Brickwork to anyone looking for a reliable and dependable local company.</p>
04-Nov-2015	<p>First class, professional, reliable (and) they make sure that they tidy up properly each day! Would recommend without hesitation.</p>
04-Nov-2015	<p>Built us a two room extension and patio. Excellent work carried out. Always very polite and considerate, even built our elderly dogs a step to get in and out when required! Would definitely recommend the company, (never left you hanging wondering what was going on). Nice people to do business with... and good value too!</p>
04-Nov-2015	<p>Rodd Brickwork completed a wide range of building services for us, including, general building works, plastering, replacement double glazing, electrics and a new patio. We have employed Rodd Brickwork on numerous occasions and would definitely recommend them to friends and family wanting a friendly, efficient and cost effective service.</p>
