While recovering from a very bad fall and a long period of family trauma, the storm in August brought down two of my fence panels and a post. I found Niv and Linda via Buy with Confidence encouraged by such good feedback there. I phoned and they came straight away to my assistance and to give a quote, the fencing replace the following week. I was very impressed with such wonderful service, the quality of the works and the calm / can do attitude of Niv and his team.

From the planning stage to completion the knowledge and expertise was evident. Vision of the finished patio enabled us to have a design that we could not have envisaged by ourselves. The team worked hard and were always professional and friendly. We would recommend this company. Many thanks. We are delighted.

This is an excellent , experienced, family run company to have create a garden for you. From the expertise in design and knowledge of both hard and soft landscaping by the owners ,Niv and Linda , to the craftsmanship of their lovely team you are in good hands . Having moved to a new build we required a complete garden project with patios, raised borders , a pergola ,shed and a lawn. Linda and Niv listened to our vision for the garden and created a plan which far exceeded our expectations. The final garden is beautiful , planted for interest and colour all year round and set off with beautiful sandstone patios and path. The quality is evident from every aspect of the garden and the water globe , gently bubbling which they suggested provides us the very best of finishing touches . Happy!

Linda and Niv immediately inspired us with their insight knowledge and extensive experience as well as

	<p>offering a different perspective on what we had in mind for our landscaping. The tradesmen used were clearly of a high standard of skill, polite hard working and neat & tidy. Linda and Niv continued in dialogue with us throughout the project in order to ensure that we were happy with progress and to offer constructive advice as necessary which proved very beneficial. The end result vindicated our choice to use Shakespeares - we have a beautifully landscaped garden which we are extremely pleased with and look forward to enjoying for many years to come. We would totally recommend Shakespeares to anyone looking to have a landscaping project done based on our experience</p>
29-Nov-2017	<p>The attention Linda and Niv gave to our gardens was superb, I would recommend anyone to use them. Fantastic communication from start to finish, these guys know exactly what their talking about.</p>
24-Oct-2017	<p>When I moved into my property the back garden was rather neglected and overgrown. Similarly the front garden, with the driveway a mixture of surfaces and a grass bank being difficult to keep tidy. Shakespeares Landscapes helped to redesign both and then transformed them into beautiful, easy to maintain gardens, with driveway, paths and lawn, in which it is a pleasure to work and relax. Their commitment to customer satisfaction is second to none and their staff are a pleasure to have on site. Always courteous and working in a tidy and dedicated fashion. I would have no hesitation in recommending this company.</p>
17-Dec-2016	<p>Friendly and professional family run company giving an excellent service from garden design to completed landscaping with helpful advice and good quality workmanship.</p>
13-Dec-2016	<p>Linda and Niv helped us design the garden by giving excellent thoughtful and meaningfully related suggestions based on our description of what we wanted. They then designed it and the team came in and carried out the design to a very high standard. Cut edges and stonework was aligned precisely showing attention to detail. Linda then suggested planting and carried out, and had no problem making changes we suggested afterwards. The finished garden is lovely and we are very happy with the end product. Everyone was considerate, warm, and professional throughout. The site was kept tidy and cleaned up after the job was finished. I wouldn't hesitate to recommend them to others.</p>
16-Nov-2016	<p>The level of service was very good. My "new garden" is a job well done! Linda and Niv are very helpful. The work was completed to a very high standard and in a very tidy way. All the team were very polite.</p>
21-Jul-2016	<p>Work was completed around weather delays to generally good standard. Erecting the shed was difficult but it was completed in reasonable time. Grass area was prepared well and has bedded in well.</p>

All members of the team were patient, helpful and charming throughout the process - absolutely great customer service. In addition the standard of workmanship has been first class. Site was left tidy every evening, there was minimal disruption and inconvenience despite the scale of the work. We now have a wonderful garden!

Very prompt reply to request for quotation for the work, and work started shortly after quote was accepted. Replacement fence erected in four days, in showery weather, and the result is a joy to behold. My neighbour and I are very pleased with the appearance and quality of the work, and I will certainly contact Shakespeare's Landscapes first, for my next landscaping task.
