Installation of new wooden windows to a very old house. As Steve Franklin removed one of the old windows the brick surrounds started to collapse . He & his Son repaired the brick work diligently and without a fuss, beyond their remit. The overall installation of the windows was meticulous, efficient and very tidy. With some unexpected finishing touches that added significant value to their service. More than delighted with the company and product alike. Thank you Steve & Son and for making good to what could have been a serious & costly problem.
