Steve ,Ray and all the gang have always completed exceptional work every time they have worked on our property.From an amazing extension to fitting a new basin in the bathroom,they have finished work to incredible standards every time.We would never think of using another building company,and have recommended them to family and friends on many occasions.

We were recommended Priory by several friends for our loft conversion, our expectations were high and they surpassed themselves. They noticed major mistakes in our architects plans for our loft conversion, they sorted it and made things safe. We wanted to finish the bathroom ourselves later and gave them the spec to work to, Priory sorted it. The work was extremely thorough with top notch finish, each stage of the project passed local authority inspection easily, there were never any issues. Priory came up with a few suggestions that made perfect sense, they offered advice in a friendly and knowledgeable manner and we're glad we listened to them. They cleaned up mess after finishing every day, were always here when they said they would be. Everything was priced beforehand, no hidden extras and completed to budget. Priory didn't treat our house like a building site, they treated like our home, can't recommend them highly enough, fantastic job, thank you.
