Great service from start to finish. Colin is professional and honest. Gave us several quotes for style and budget. Advised us where the stove was more beneficial, which in turn saved us money from our original plan. Job was done in half a day which included joist work. Very clean and tidy job. looks fantastic and heats the whole upstairs. Their aftercare and advice has been excellent. 100% recommend.

We would highly recommend Stove Doctor. Colin and Josh removed our old stove and fitted the new one, as well as all the additional work required for the installation. They were clean, tidy and very efficient. We were delighted with the work carried out and absolutely love our new stove.

Stove Doctor - Colin and his team were pleasant, professional and efficient in delivering their services, from quotation to installation. Good customer liaison, nothing too much trouble, helpful and reliable. A clean and trouble free experience which has provided us with our log fire in time for the onset of winter. The extras included were much appreciated and allowed us to get the first flicker of flames immediately - many thanks. Having worked in customer services for over 20 years, I highly recommend Stove Doctor for their customer awareness in a highly competitive market.
