I cannot recommend James Ross enough, from start to finish he made our day perfect, his attention to detail was first class and he made us both feel happy and relaxed

James is brilliant! From the very first time we met to go through exactly what we wanted to happen on the wedding day...to then exceeding already high expectations (based on his great reviews) on the actual day itself, he is excellent value for money. James quite literally did all the running around in the background on our wedding day so that we could sit back and enjoy everything. Organising people for photos, engaging with guests, syncing up with our saxophone player, silencing the room for announcements/speakers, ushering people in to the correct rooms for first dances, speeches etc. I for one was very particular about the finer details of the planning but James took on board everything and executed it brilliantly, making sure we stayed on track so that the day would run smoothly. Oh...and then he was a great DJ too!!! We gave him our playlist of must haves and they were all played alongside other songs that fit the theme we wanted. He is also not afraid to give advice e.g. leaving arch at midnight. He really contributed significantly to making the day a success and would recommend him to anyone. Thank James! Neil and Laura

A brilliant service in every way from helping us to prepare for the wedding, working out things we didn't know we would need to work out (DIY wedding in a marquee), provided music, support, organisation of guests, furniture removals (!) tidying up and this was all in addition to the fantastic disco in the evening that had guests dancing all night. All guests commented on what a brilliant addition James was to the day and they all loved the disco.

09-Jun-2015	James was brilliant from the original call first made to the end. Not your average DJ....more of a co-ordinator who had a solution to any issue....even helped me with our first dance with dancing lessons!! Great time keeping....well presented and professional. If you are getting married he is the one to call. Msny thanks. Dave and Viki.82
22-Dec-2014	James was great and kept in contact with us from the start. Nothing was too much trouble or effort for him and he played a lot of the songs on our request list. James turned up early to start setting up and we would definitely use his services again. Book with confidence!
18-Nov-2014	Absolutely fantastic! Very thorough & professional absolutely lovely guy. He made my wedding planning not only enjoyable but he took an awful lot of stress off my hands Infact, he did a better job organising my reception than the venue did. Thanks again James x
