Outstanding service from John and his team. Very flexible when we needed to change the date for our removal. Punctual on removal day and very efficient in loading the removal van in systematic fashion. Really helpful in placing items in the new house. Showed great consideration to our furniture and possessions and took great care in our newly decorated home.

22-Feb-2019

Strongman come highly recommended by us. Contact was easy, estimate provided was excellent, and because of an earlier move carried out by the same team, we had no hesitation in confirming them for our move. Staff are friendly and very efficient. Great care was taken to protect our goods, and nothing was too much trouble for them. I can heartily endorse Strongman Removals, although I've never promoted any business in this way before.

16-Feb-2019

The strongman removal team were fabulous. Friendly, hardworking and nothing was a problem. Great service and advice from initial contact to last box delivered. And when space ran out in the lorry for the last of our junk, John quickly brought over an additional vehicle to complete the removal. We would highly recommend

15-Feb-2019

Used the Strongman gang before and didn't hesitate to call on them again to do a removal. As usual John and his team delivered my dad safe and sound to his new home. Always courteous, always answers your questions, nothing is too much trouble. I knew the move would go smooth and had no worries or snags. I will always use Strongman removals and recommend where I can!

15-Feb-2019

John and his team were professional and helpful throughout the move. They delivered crates early and gave us a couple of weeks after the move to empty them before collecting when we ready. Definitely recommend to anyone.

11-Feb-2019

John and his team have carried out a few jobs for us over the past few years. They are all very reliable, professional and provide an excellent service. Would definitely use again and would highly

recommend.
John has helped with moves for both my sister and I in the past, and was outstanding each time. When my mum sadly passed away last year, we had to clear her house and get some items into storage, and John quickly stepped up, clearing a crate he used himself for me. He was very accommodating and compassionate throughout, and made everything really easy. He and his team are hard working professionals, and I am happy to recommend them to anyone.

- 25-Jan-2019
Very professional and great family run business! This shines right through from top to bottom and that is hard to come by! We paid slightly more for the packing service with my removal and to say I'm impressed is a massive understatement! Outstanding service....
- 24-Jan-2019
Very careful, helpful and professional throughout the whole removal process. On the day the team were friendly and efficient. Crates provided for breakables very useful.
- 23-Jan-2019
I rarely find the time to write reviews, but I was so happy with the service I received that I felt it was the least I could do to make the effort to leave feedback. My experience was positive from the outset. John was quick to respond to a message I left and arranged to come and visit to give me a quote at a time convenient for me. He spent the time to discuss everything in detail and sent the quote quickly, itemising what was included. I opted for the packing service the day before my move, which was well worth the money. Everything was well packaged and labelled and nothing was too much trouble. I had 2 men pack for me and 3 on moving day on 10th January 2019. They worked so hard. I don't think I saw them taking a break and they worked from 8.30am until everything was completed.

15-Jan-2018	Strongman Removals were incredibly professional and personable - making my house move as stress free as possible. They were efficient and incredibly careful not to damage anything in transit - with additional packing material to protect furniture. On the day of the move, there was a bit of waiting and they were patient and flexible to make sure they provided the service expected - even with idle time during the day thanks to delays in the property exchange. Amazing team that I cannot recommend highly enough.

He was very helpful in estimating how much storage space we would require, was great value for the storage period (which also included insurance) and then returned our goods in a safe and timely manner. All in all, delighted, and they took the pain out of the process for me. I don't anticipate moving again but if I do I will
