15-Mar-2018

Very efficient service from start to finish, everything done to a high standard. Highly recommend Steve as he is very professional tradesman who delivers quality work. I will with out doubt be using his skills for future works.

14-Feb-2018

We are so pleased with the new extension/patio and grateful to Steve; whose knowledge enabled him to advise us of all aspects of the build. The organisation of which, together with such efforts for cleanliness and tidiness, ensured that the recommendation I had for Gauged Masonry were realised and that I would have no hesitation in using them again. I have already passed on further recommendations!

29-Oct-2015

Steve and his team were a pleasure to work with as a first time extension builder they made the process stress free and enjoyable and the quality of work is great. They were very respectful of my home and my neighbours I would come home from work each night and other than the expected dust this type of work brings my house was left very clean. I would definitely recommend them and would use them again if I

perform other works on my house.

Superb service. As a returning customer I was not disappointed. Excellent communication and standard of work completed. I would recommend to anyone.
