14-Jul-2020

From the start Peter was quick to give a quote for the work and confirmed the price in writing, what is required and to do list. Confirmed start date and started on that day. The team worked hard and well digging out a lot of rubble & soil to the correct depth. Doing a lot of groundwork for the laying of patio, path and artificial grass. ( this groundwork needs to be done correctly or you will not get the finish we have) All the waste was taken away. The finished garden looks fantastic and solid and level. I will be recommending Pete and his team to everyone. Thanks again Pete

02-Jul-2020

Pete and the team did a perfect job on our extension. We have had a lot of work done on the property over the last 4 years and PCD were leagues above everyone else. I will be using them in the future and frankly cannot sing their praises enough. Excellent.

01-Jul-2020

Pete came to my rescue excavating then filling an old underground structure which came to light in my garden. I was so impressed with his manner, communication, workmanship and work ethic I promptly hired him to dismantle an old shed and replace with new shed on a proper concrete base plus construct a log store . I'm utterly delighted with the results and have already asked him to quote for some more jobs. I would recommend him unreservedly.

25-Sep-2019

I cannot recommend PCD enough! The whole experience from start to finish has been efficient, smooth- with minimal disruption and easy! Pete has a fantastic attention to detail and was one step ahead during the whole building works. Brilliant communication and wholly reliable. The work has been completed to a very high standard. Pete is extremely conscious of making sure that any disruptions during

13-May-2019	<p>the build are kept to a minimum. I'm already saving for my next home improvements and with certainty, will return to PCD to carry out these in the future!</p> <p>I would highly recommend using Peter for any building work required in and around the home. Used PCD for an en suite bathroom refit and a utility room/downstairs toilet refit. Jobs were done to a superb standard. Every builder I have used in the past I have been disappointed with but now I have found PCD I never need to look for a new builder again! Polite, professional and cleaned up after himself. Extremely helpful and kept disruption to a bare minimum. Can not recommend enough.</p>
22-Nov-2018	<p>Peter and his brother did a very professional job on installing a new soil vent pipe and connecting to the existing sewer and fixing the drainage on the rear patio. Took care of Building Control aspects as well, in order to be compliant with building regulation, and keeping me informed at each stage of the work. I highly recommend PCD Building &amp; Property Developments. Just to add this is in stark contrast to two other builders who both let me down and I was very lucky to find Peter to do the work.</p>
05-Nov-2018	<p>Pete did a superb job on my bathroom, I'm so pleased with it!!! He made sure there was as little disruption as possible and cleaned properly up every day. Great attention to detail and i would recommend PCD Builders to everyone.</p>
10-Feb-2016	<p>Very, very good. Am already using again.</p>
