18-Mar-2019

We first used the Home Doctor services (after seeing an advert in the local news letter) to replace two toilet cisterns and our shower pump. We were satisfied with the services supplied and quality of the work done. We subsequently had our bathroom re-modelled (removal of bath and replacement with a low level shower tray, replacement shower, tiling etc.) The work was carried out to a high standard and we are very satisfied with the end result. Based upon the work carried out for us to date, we have no hesitation in recommending the Home Dr for similar work, we shall not be looking for anybody else should we require more work (within the Home Doctor's scope) done on our property in the future.

27-Apr-2017	About the only trader that does things properly at a fair cost. My front door was warped wood with nothing right going right about it. Draught was terrible. Everyone said I wanted a new wooden door fitted for around £3,000, but he prepared my old door to look like new and everything on it worked properly at a vast saving of money. This trader is exceptional for his quality of workmanship.

Mike would be the first person I contact when I have another plumbing problem.
23-Mar-2017	Very competitive pricing, professional approach to tasks undertaken with these carried with the minimum of fuss. Arrived at time as promised and worked efficiently, effectively, cleanly and without fuss Pleasant and friendly attitude and the "job" left clean and tidy after completion. An invaluable service for those of us looking for smaller, and maybe not so small tasks, to be undertaken properly when so called main trades' persons/companies can't be bothered or charge exorbitant prices for shoddy work. Certainly true in my case.
