20-Jul-2018	The person responsible for removing the wasp nest was vbery polite and efficient, as well as informative. Howeverthe charge of £50 seemed rather steep for just placing the nest in a carrier bag and removing it. This seems to be standard price for this service so no flection on company.

brilliant, efficient, quick service

After booking the appointment with Pest24 I received a eta phone call a couple of hours before he was due to arrive which was great as it helped me plan my day, I then received another as he was going to be a little earlier then previously agreed and was just making sure this was convenient. On arrival Mr Rushworth introduced himself and explained after looking at the WASPS nest which was in our porch what was needed and exactly what he was going to do, the job was completed in around an hour or so and with advice what to do in the next few hours while the wasps had the hump, any spillage from the dust spray was quickly cleaned up even though there was very little it was still done. We are now WASPS free, I highly recommended pest24 quick and informative service and turns up when agreed but if there is any issues with timing makes sure you are aware by a quick phone call as easy as that Thanks pest24????
