12-Mar-2018

I have used Morgan Electrical Solutions twice and each time it has been spot on in terms of customer service, the price quoted is the price you pay and the staff arrive when they say they will be there. They are professional, polite and courteous- and they also clean up after the work! I would highly recommend this company and will not be looking elsewhere next time I need some electrical work - Morgan Electrical Solutions gets the job every time!

06-Feb-2018

Very friendly and entirely professional and - importantly- reliable. Gareth left no residual mess and obviously knew exactly what he was doing. I felt his advice was reliable compared with the over priced quotes from other electricians in the area. Fortunately I decided to seek one more opinion before making a decision and I am REALLY glad I did. I would certainly recommend Gareth to anyone who wants a good job well done

01-Dec-2016

Excellent service from Gareth who completed a partial rewire, installed many new electrical sockets and installed new appliances. All work done promptly and with care. Would not hesitate to recommend.

29-Aug-2016

We had a complete new rewire throughout the house and various other jobs done while we were on holiday. Everything was completed to an excellent standard and the house was left tidy and he even left us fresh milk in the fridge for when we came back! He even fixed my neighbour's shower when she was in desperate need. I highly recommend this business .All work was done to BS 7671 and supplied with domestic electrical installation certificates.
