Tony has transformed our garden and made it very special

01-May-2018

Friendly & enthusiastic. Professional knowledge.

05-Apr-2018

The Plymouth Gardener team have just finished some hard landscaping for us; taking down, moving and re-building a driveway pier, building a small retaining wall and building a greenhouse base. Work was done to an excellent standard & clearly an experienced team of hard working individuals. They listened to what we wanted throughout but were also able to advise us when needed (even throwing in some tips on growing alpines). Very clean work & tidied up at the end of each day. Work was also done sooner than we had expected which was a great bonus. We did end up paying more than the original quote due to excess soil needing removal but the cost of this was made clear to us, which we agreed to. We also paid a bit more to have some garden waste removed. Would definitely use again & recommend
