We can't believe just how good this firm is. Right from the quote to the finished roof everything was done in a professional and efficient way. The quote was detailed and that was what we paid even though some small extras did emerge along the way - they told us what was quoted was what we would pay and that is what happened. The men who replaced our extension roof, even working in some horrible weather, were really skilled and worked speedily and tidily. They did a fantastic job that has been admired by friends and neighbours. I need to say that we had had this roof mended many times by a different firm and continued to have leaks over several years. NOT NOW!! This roof does just what it's supposed to - we're dry - and it has been severely tested over past weeks, which is what I wanted to

Reliable, courteous and professional. No sales patter. No mess to clean up after they had left. Would recommend Ashton Roofing to anyone.

very quick response to initial enquiry. The surveyor appreciated our concern regarding rain coming through the kitchen roof. Consequently the work was carried out without delay. The work was neat and no mess was left behind. Thank you for a good job by conscientious workmen.
