Richard and Michelle have transformed our fifteen year old limestone floor. It looks better than it did when it was put down! The shine is amazing. Also they were so easy to have in your home. The whole job was clean and tidy and I couldn't believe that after sanding and polishing the floor there was no mess anywhere. Highly recommend this hard working couple. Very nice people.

Thank you so much for the amazing job you did with the floor, it looks brand new and I am delighted with it. We're now a shoes off household!

After the madness of lockdown and home schooling our carpet was an absolute mess, there were tonnes of unidentifiable stains and we resided ourselves to the fact we would need a new carpet. We thought we would try one last time to rescue it and contacted Hampshire Carpet and Upholstery care, we are so glad we did. It literally looks like a brand new carpet, the children (and husband) are now banned from stepping foot on it now! Thanks so much to Richard you have saved us ££££.

Absolutely excellent. Richard & Michelle have turned a patchy discoloured floor into an excellent one.

We have had an amazing complete renovation of our Kitchen/Dining/Conservatory/Utility Room terracotta floor. Over 40 years it has 3 different sections added, the resulting floor contains a mixture of Mexican and Spanish tiles that had some varying and some blocks of colour covered in dark treatments to hide this. Richard and Michelle spent 3 days stripping it back to the base colours and 2 days applying sealers, treatments and satin wax topcoat finish. The transformation they achieved was incredible, we are now the proud owners of a uniform floor with matching shades throughout. No one would ever know that it had not all been laid as one complete floor! They are a great team who care passionately about the quality of their workmanship in every way possible. We cannot recommend them
