I received an amazing and friendly service

11-Jun-2019

Gary and Jo put in a new fence for my elderly father - in the freezing cold January 2018 weather. The work entailed digging out the stump of a self seeded tree and repairing a bit of walling. They could not have done a better job, and they left the area much tidier than it was before they arrived! I never thought I would describe a garden fence as looking great, but it did! Natalie and Gary provided an extremely professional, friendly, reliable and trustworthy service throughout.

Gary and team completed the downstairs renovation of our home to a very high standard. Great care was taken by all the tradespeople involved in the job and was project managed extremely well by Gary himself within the timescales agreed at the outset. A job well done. Would highly recommend Buildall.

After using what I can only call cowboy builders Gary literally came to our rescue. He completed some

	<p>complex work on an old property in a very professional manner to to a high standard. I have since used Buildall to carry out a loft conversion, vaulting a ceiling and laying a new driveway. Every piece of work that has been completed has been commented on by many neighbours and friends as to the high standard. Buildall will always be my first port of call when looking for work to be done. Gary and Joe have never let me down, they are always there when they say they will be and never leave a mess. I cannot recommend this company high enough.</p>

05-Jun-2019	<p>We were very pleased with Gary, he came and gave us a quote for a patio and that was the final price Very tidy, clean up after themselves. Finish was good . Would definitely recommend him</p>

04-Feb-2017	<p>Gary, Natalie and their team were absolutely outstanding. We needed to have some structural work done very quickly, and they didn't let us down. They arrived promptly each day, were courteous and helpful and left our house clean and tidy. They liaised with our structural engineer to ensure the job was done correctly first time! They were brilliant and I would not hesitate to recommend them.</p>
