08-Apr-2019	When the door was ready Rachel from Gwynedd Garage Doors rang me and we agreed a time and day for fitting. Paul and his mate came at that time. They did a clean and tidy job and when they had the work done they cleaned up all the area worked in. (Good job).

11-Feb-2019	Good workmanship. Everything left in excellent order. Door very satisfactory.
01-Feb-2019	Thank you for such excellent service, the planning, the workmanship and quality of service could not be improved.
04-Jan-2019	Overall we are very pleased with the service received and the final outcome. The door works very well, however we were disappointed that the company claimed a large piece of plaster which came off was due to prior damage. We disagree & feel they should have repaired this and "made good". BUSINESS REPLY: <input type="checkbox"/> We very much regret to hear one of our customers have not been completely satisfied with our company. Gwynedd Garage Doors are a professional business and provide workmanship of high standards as expected of us as members of the Buy with Confidence Scheme. However, as mentioned in our quotes: "no rendering included should any be required", we apologies for any misunderstanding this has caused. "
02-Jan-2019	Excellent

19-Dec-2018	An excellent service both from Rachel in the office & Paul & assistant fitting the door. The new garage door is an excellent job beautifully fitted. All round first rate.
22-Nov-2018	Delivery of product slow due to lead time. But once a date for the work had been agreed, came on time. Excellent work and left clean & tidy as they arrived. Thank you to Richard & Mate.
14-Nov-2018	The service on site we received was excellent, before & during the fitting. The admin/office side needs informing in terms of follow up of enquiries etc. BUSINESS REPLY: The feedback concerned relates to a period when the office was unmanned due to a wedding, we can but apologise for any inconvenience this may have caused. Gwynedd Garage Doors are a professional business and provide workmanship of high standards as expected of us as members of the Buy with Confidence Scheme.

11-Sep-2018	An excellent service, for a very well fitted product on a difficult Victorian Building. Well done indeed. I would

29-Aug-2018	recommend them. I am pleased with the product. A very good service. Prompt and efficient. Friendly staff. I would recommend them to family and friends.
20-Aug-2018	Both gentlemen were polite, efficient and skillful. Although I located the company from the internet, I would definitely use them again.
18-Oct-2017	From start to finish service has been first class. Would have no hesitation in recommending them to others.
13-Oct-2017	A long time between ordering and fitting. Without use of a garage for over 2 months. Sales Representative said the garage would be finished off after fitting and took on Â£840 deposit. Fitter and surveyor 2 weeks later said the garage wouldn't be re-plastered. After fitting we now have internal cavities showing either side of the door and need to find a builder to finish the job! BUSINESS REPLY: □We very much regret to hear one of our customers have not been satisfied with our company. Gwynedd Garage Doors are a professional business and provide workmanship of high standards as expected of us as members of the Buy with Confidence Scheme. The feedback concerned relates to the delay in installing the door and not rendering (which we unfortunately do not offer as one of our services). However, we would like to apologise for the misunderstanding if the sales representative said it would be included. It is stated in all our quotes that (a) manufacture of certain products can take between 2 to 7 weeks and (b) no rendering or painting included should there be any required. Not every job can go perfectly and we accept that this installation went beyond the stated time period; (this summer being one of the busiest we have experienced and we are now addressing this problem having recently taken on new staff) and we would like to offer our sincerest apologies to the customers concerned.□
