I rang the company in the morning and by early afternoon the same day the problem with the wasps nest had been dealt with. Excellent and prompt service.

13-Jul-2020

Spoke to Phil in the morning about a wasps nest which had buried itself in a vent. He was around by 10:30, and the nest was sorted soon after. Phil was friendly, talked to me about what to do next (check for more wasps in 24 hours, and he would be back round to sort it if there were still some wasps there), and he also told me to buy a 'wasp' vent, to stop this happening again in the future. Very impressed, Phil is a friendly person who tells you what is going on, and was very reasonable. Strong recommendation from me - thanks Phil. Nick

Rang Phil, arrive in 1/2 hour. Saw they were bees not wasps and advised not to do anything as no one was in any danger. There was no charge for his services as no treatment done and no call out charge which is the first I have known. Would recommend Phil to anyone as you will not get ripped off. Phil does explain on the phone that there is no charge only if any treatment done and

	a estimate is given.
15-May-2019	I have a problem of bees in the attic, called Phil who dropped in that afternoon to view the problem. He was able to reassure me that there was not a major problem as this was not a bee that formed massive swarms and if left alone they would not trouble us. Phil is a very professional reassuring specialist I would happily recommend to anyone with a pest control problem Jim
