2 years ago, there was not a lot of work about but, since we started working with Lollipop on our digital marketing, website enquiries are definitely up. We get the maximum results for the least effort on our part. They do what they say they will do and, if I need to ask a question, I can always contact them on the phone.

We have a contract with Lollipop Local for a year. We are very impressed with Jo, Jon and the team's support along with their hardwork to provide the service we require.

Lollipop local are a friendly, approachable and knowledgeable company to work with. They always work with us with any suggestions or ideas we have and are always willing to take the time to answer our questions no matter how stupid. I would thoroughly recommend this company.

Lollipop were fantastic. In addition to their great web design work, they looked at our business as a customer would and came up with a lot of specific keywords and phrases for google searches that we wouldn't have thought of. As a result we have been found weekly by some amazing prospects including Harrods. We highly recommend Lollipop to anyone serious about growing their business from on-line sales.

My web design and build experience with Lollipop was fantastic. The communication was really clear, I didn't have to chase them at all. I got a website I am really happy with within the timescales I set. I get lots of compliments on it! It's really obvious that Lollipop know their stuff - they talk you through things that other companies don't mention/consider, in terms of how the changes that you make can affect your SEO. They can train you on how to get the best out of your new website too. Knowledgeable, reliable, great service!

We needed some specific support and training for our business and booked a one-to-one training session on

Google Adwords with Jo at Lollipop Local. She was superb, explained everything clearly and had a great instinctive understanding of what we wanted to achieve via our ads, which really helped. She even followed up with advice and help after the session. Lollipop are highly knowledgeable, and we received great service and a positive result. We highly recommended them.
