The front of my house repointed & the rest was waterproofed. My neighbours have remarked on the good workmanship. Very obliging and friendly. Left everywhere clean & tidy.

Glenn repointed our 1850's house and we honestly can't thank him enough. He has done a wonderful job and given our home a new lease of life! At the outset Glenn took the time to talk through the process involved and the importance of using lime mortar and the correct mix. During the job he replaced numerous bricks which had blown due to being previously patched incorrectly with cement. Nothing was too much trouble, he took great pride in his work and ensured everywhere was kept clean and tidy. We would highly recommend Glenn, he went above and beyond our expectations. He is a master of his trade and a pleasure to deal with.

Highly recommended. Glenn at GMT is the epitome of customer service and a first class contractor. I contacted Glenn following some poor workmanship by another company. From visiting site to inspecting and reporting on the work to providing recommendations and a fair quote for remediation works he cannot be faulted. Glenn explained, in detail, and used evidence of previous work and his YouTube videos to ensure I fully understood everything. Glenn is one of the best tradesmen I have ever dealt with. I had many questions and he remained patient and answered every single one without hesitation. Glenn has shown me all documents that we would perhaps take for granted as consumers. This includes his insurance and peace of mind that he is a member of the Guild of Master Craftsman and trading standards approved. For all your pointing needs I would highly recommend Glenn. He is an honest man, reliable and fair who puts customers first. I wish I could find more people like Glenn.

18-Mar-2021	As you can see from above, work was excellent. The workman was kind and considerate, would recommend him to anyone. The best decision I ever made was to have GMT.
06-Sep-2020	I had Glenn come to my house in Greasby to renew the pointing on my 1938 lime laid house. Clearly a master of his trade, he takes great pride in his work and did a beautiful job restoring my property using his rare skills in lime pointing. The house looks like its just been built again! Glenn had no issues going above and beyond pointing on my home - he performed brick and masonry repairs, fixed my wall and even rehung my gate. Its good to see willingness and flexibility of seasoned professionals rather than the penny pinching laziness of todays tradesmen. Cleanup was excellent and again Glenn went above and beyond to ensure the house, drive and patio looked as it did before or better. Glenn was very polite and friendly to my family and a pleasure to have here. HIGHLY RECOMMENDED
10-Aug-2020	Excellent throughout. Glenn Thomson is a man who takes great pride in his work which is professional throughout. We have a property dated 1887 and he used the proper Lime Mortar mix. We feel that the cottage now looks similar to what it looked like when first built. Glenn is a credit to the building industry and we would highly recommend his services.

06-Dec-2018	Our experience with GMT was outstanding. Glenn is exceptionally professional; always reliable (his response to calls, texts, and emails was so prompt), and he kept us informed and updated regarding the work. When inspecting our house, he was so thorough and he carefully took the time to explain our options. He was helpful, honest, and correct! He went out of his way to offer invaluable guidance. Despite all his work and preparation, our brick work couldn't be repaired by him and yet he still continued to offer help and support. This is a company that is dedicated and commitment to excellent work, excellent customer care, and excellent communication. I cannot recommend them highly enough.
