I used Blythe Garage to service my car on Monday 14/01/2019, a price was agreed through email Â£184.69p. I was kept informed via email and went to collect it after work on the same day. My daughter collected me from work and dropped me off at the garage where I settled the bill in full. I went into my car, it would not start at all. Alan the business owner plugged the diagnostic machine into the car and confirmed that a switch had gone on the clutch, he would order one in for the following day. Fiona the secretary kindly gave me a lift home as my daughter had gone to work. The following morning Fiona called me to confirm that it was not the switch on the clutch it was the starter motor that had broken, Alan had ordered a new one and it would be in the following day.
