Full refurbishment of a property. This involved a full refurbishment including complete rewiring, installing central heating, removing & rebuilding internal & external walls, fitting a new bathroom, kitchen, doors, windows and decorating. Daniel project managed this perfectly with lots of meetings and communication throughout to ensure it was as I wanted it. Lewis, Daniel & the team have been brilliant to work with, friendly, reliable, polite, professional, easy to talk to and turned up on time. The work has been finished to a very high standard and I am delighted that they have turned the property into a beautiful home. Thank you so much Lewis, Daniel, Jamie and the team. Excellent

16-Oct-2023	service & very highly recommended. Work Completed in May 2017 Absolute shocker. Nothing right first time. Have employed another builder to put works right. Cannot believe the other reviews Business Response - As I am the new director of the company, this was before my time, we take all reviews whether good or bad seriously, and I sorry that you didn't have a good experience with Morris Parker Ltd.
10-Oct-2023	A very positive experience all round and thus I recommend Morris Parker Property Refurbishment. They are a reliable, courteous and very professional team who were most importantly able to appreciate our budget and timelines, which were conveyed at the outset. There were some hurdles and bumps along the way (which we expected given the size of the project) and inevitably compromises were made, but having an open channel of communications helped with the monitoring of project status and aided in managing our expectations. This was highly appreciated.
22-Sep-2023	Knock through kitchen diner and utility room created, well managed and delivered coordinating building, steel RSJ, electrician , plumbing, plastering, painting and carpentry.
28-Jun-2023	From the start the team at Morris Parker were excellent. They offered advice and answered our questions promptly during the quoting and spec phase. The team that fitted were extremely skilled, polite, friendly, trustworthy and tidy. They removed rubbish, cleaned and hoovered after each day. The finish is lovely and matches exactly what we wanted. Any snagging has been rectified within 48 hours of being reported. No hidden extra costs. I have already requested quotes for our next pieces of work and recommend to friends.
02-Jun-2023	Service was excellent!
08-May-2023	I got quotes from a few builders on Checkatrade and settled on Morris Parker. I met Daniel who was punctual, friendly and professional. After some discussion on the price we agreed fees and the team got to work. The team were courteous, tidy and professional. The communication was spot on and I was kept appraised of every step of my re-furb. I am delighted with the quality and finish of the works and would highly recommend them. The job was on time and within the agreed budget.
17-Apr-2023	Daniel was so helpful and cheerful during his time working here. Everything was to a high standard and he was willing to offer his advice and listen to my requests. I'm so pleased and satisfied with the end result. Can't thank him enough.

11-Jan-2023	We have used Morris Parker several times previously and the service is always high quality, friendly and approachable. There were delays to completion this time, but we were kept up to date with these and the team are always on hand to discuss any changes and complete any snagging. Very pleased.

11-Nov-2021	The quality of workmanship on the media cabinet is fantastic and we are delighted with it. Always reliable and friendly service and the carpenter worked tirelessly. Our ideas were always listened to and he was able to add some design details to make the cabinet look perfect in it's setting. Brilliant job.
20-Aug-2021	Level of service - very good.
30-Jul-2021	Excellent service. Very reliable, always courteous. Great attention to detail.
12-May-2021	Dan and his team were absolutely fantastic from start to finish. We had multiple face to face meetings with Dan to discuss the way forward and plan the build. Throughout the build we were kept informed and given a plan for the following week. The entire team were true gentlemen and professional tradesmen and this was reflected in the finish. The price did increase slightly but this was due to unforeseen circumstances such as the depth of footings and COVID affecting the supply chain. All price increases were agreed before any work proceeded and it was managed very well. I would be more than happy to have Dan and his team back for any future works and I would be happy to wait for him. In summary a very professional, tidy, diligent group who had the best interests of the client at heart.
02-Apr-2021	Have used the services of Daniel Parker on four separate occasions. We have had fitted an electric garage door, UPVC window and door frame, electrical work and most recently a new sink and tap. In every instance, the job has been fairly priced, completed to a very high standard on the pre-arranged date with no fuss or mess. Dan always delivers a professional job, for example, when fitting the sink he simultaneously streamlined the plumbing beneath resulting in more cupboard space and a smooth running dishwasher. We would highly recommend this business and will definitely be using them again.

06-Mar-2020	Excellent work by Daniel and the team they have working with them. Particular thanks needs to go to Darren! Communication was excellent from the start with Daniel making several visits to us before the project started to make sure the spec was accurate. The work went really smoothly and the other trades were integrated seamlessly. We were kept up to date on a daily/ weekly basis about progress and next steps. The work was carried out to a high standard. Snagging took place at the end of the project without a wait. The house looks beautiful, we're really happy with it.

27-Nov-2018	Morris Parker (MP) finished a complete kitchen refit, including the removal of a stud wall, following a highly successful bathroom fit in April 2018. And as with the bathroom, the finished kitchen is a fantastic piece of work. The team, led by the excellent Dan Parker, were great. Their happy attitude and commitment to professionalism and quality is testament to the culture that Dan Parker fosters. We're so very happy with the kitchen, with the job that MP did and we're already in consultation with Dan Parker about further work to the house. I can't recommend Dan and the team enough!
27-Nov-2018	Morris Parker (MP) were recommended to us by a

	friend and neighbour, saying that MP are good but aren't the cheapest around. We found MP (led by Dan Parker) to be professional in their engagement and competitive with their pricing. Dan was patient with us through the design process and the team were excellent in fitting was has turned out to be a great bathroom. They adapted to requirements-creep without quibble, including a few bespoke touches, and dealt with snags without hesitation or negotiation. It's refreshing to deal with such a professional team committed to quality work

16-Mar-2018	Bought a house last year. Required gutting of 20 year old bathroom and separate shower room. I wanted modern white bathroom suite, square, "P" shaped bath/shower. Bathroom to be tiled, shower room using acrylic wall panels.Although he was the lowest of three quotes, I was impressed by his level of professionalism in quoting the job and explaining the options. It gave me the confidence to go with the lowest quote. Started on time and completed earlier than anticipated. Dan (the boss) does some of the work himself and takes a pride in the work, as you would expect with it being his company. He runs a team of six guys and covers carpentry, plumbing and electrical work, which is certificated. You get a personal service of the highest quality. I have total confidence in recommending him.
08-Mar-2018	Excellent customer service. Good quality work.
10-Feb-2018	Morris Parker were asked to quote for a new kitchen and revamp of tired bathrooms. Daniel was attentive to how I wanted it done, balancing budget against quality in an apartment we would be letting. Work commenced as he had an unexpected opportunity to do it, and he resolved a few supply chain issues we had with ordering fittings. The work was carried out without fuss. He was very courteous & diplomatic with our quick to moan neighbors who seem to regards trades-people as the Devil's disciples, and completed on schedule, on budget, and to an excellent standard. He even answered his phone at an ungodly hour& sorted out a water leak from our property encroaching
