The work on the parking space next to my garage was completed in the middle of January, and I'm emailing to say how pleased I am with the work, the young men who did the work and the overall efficiency of the company. There were a few unexpected pipe work problems, but Rhino kindly sorted them with the minimum of fuss.

Fantastic service, fantastic product, right from the start my wife and i were impressed with the knowledge and advice given by the office and everyone else we came in contact with at the company, the lads who came here were a great bunch and carried out the work expertly and with great care. I shall recommend Rhino to all that see the end result as i am sure everyone will ask who did the job ! Thank you once again.

When we visited the Rhino showroom, back in September 2023, we had a vision of how we wanted our patio to look. Lin and Dave were so accommodating and nothing was beyond doable. We selected the resin colour and the rest as they say is history. Dave came round and provided a firm quotation which we accepted, with work to start in January 2024. The team that completed our patio, were of the very best and provided a service that was excellent, including making suggestions that would enhance the finished product. Each day, they cleared up after working and it was as if they had never been, and they ensured that no damage to our lawns was made. A first-rate team from beginning to the end. We cannot praise their work ethic highly enough and would recommend the company to anybody. Rhino is the best

Thank you to Harry and Ben for coming in over the winter break due to bad weather and not being able to install it before. That was very kind of them. To say I'm pleased is an understatement, excellent service, work, communication and finish from Rhino, as usual! I will

| 04-Dec-2023 | continue to sing your praises. Everyone involved did a superb job and we cannot fault your professionalism. Everyone has commented how brilliant it looks. Would highly recommend. |
| 06-Nov-2023 | All the workmen involved were very polite and respectful and answered all our questions to help put our minds at ease about this project. They worked really hard and kept us updated with all the stages that was ongoing. We were very impressed with their professionalism and friendliness. The completed work was extremely good and we were very pleased that we chose a highly-rated company to do our driveway. We would definitely recommend Rhino and their team as they clearly know what they are doing and relate well with their customers. |
| 03-Nov-2023 | We can not recommend highly enough the work carried out on our resin driveway. The whole service from the showroom staff to the installation team were second to none. Nothing was too much trouble all questions were answered and explained. Throughout the installation the site manager kept us totally up to date with progress. Everyone was always professional and gave a good representation of the company. |
| 18-Oct-2023 | First class service from start to finish. We are absolutely delighted with our new driveway which has transformed our house. We have received many compliments. We cannot praise Dave, Lin and all the team highly enough. Really professional, friendly and helpful. Jack, Harry and Luke are a pleasure to have around. They cleared up at the end of the work day and kept us informed of progress at all times. I cannot praise Rhino enough and would not hesitate to recommend them to anyone thinking of having a resin driveway. |
| 05-Oct-2023 | First-class service from beginning to end. Lovely people, great workmanship, professional in every way. Frontage, driveway, patio & paths look fantastic, better than we could ever imagined. Highly recommend this Company, thank you so much |
| 29-Sep-2023 | Before this week I was dreading the disruption, but it turned out to be a pleasurable experience. I really can say in all honesty it's been wonderful, I cannot recommend Rhino enough. |
| 20-Sep-2023 | From the quote, to going into the premises to pick a material, to the guys that laid my path all of the people I came into contact with were excellent. The customer services and quality of work were exceptional, having trades in to do any work fills me with dread from missed appointments to the final work but with Rhino they come on time, keep you informed and do what that say they will and everyone I spoke to was lovely! I'm not a reviewer normally but feel its worth it on this occasion! |
| 12-Sep-2023 | Very friendly and professional team throughout the business. The product is very expensive but when one |

| 16-Aug-2023 | They did the work, lovely guys, did an excellent job, so very pleased with it. 5* |
| 08-Aug-2023 | Thank you to all the team at Rhino Surface Solutions for your care and guidance on completion of our drive |
| 07-Aug-2023 | Please may we convey our thanks for the excellent work carried out at our address. The team was contentious, courteous and kept us informed at each stage of the work which we really appreciated, and their concern regarding access to our property. We would be grateful if you would pass our thanks to the team. |
| 04-Jul-2023 | Great experience from start to finish. Came out promptly to do the survey & received a competitive quote the same day. Start date agreed, delayed slightly due to the weather but was kept fully informed at all times. The lads who laid our garden path were polite, considerate & made sure things were left tidy at the end of each day. The end result after 3 days hard work was fantastic. Thanks to Dave & his team. |
| 09-Jun-2023 | The service was excellent from initial contact to completion, the team were on site and on time each day and cleaned up at the end of each shift. A pleasant bunch of lads even said my coffee-making skills were excellent. The driveway looks huge, what a difference. Thanks again for all your attention. |
| 01-Jun-2023 | Exceptional customer service on every occasion that I have dealt with this business and all its employees. Aftercare too has been exceptional - this is where this business excels! An issue that arose that was weather related got dealt with in no time and in a manner that makes them stand out from the rest. Craftsmanship of the highest standards and quality. I'd be delighted to recommend them to anybody - they certainly lead where others should follow. If at any point in the future I have a project like this again, I won't hesitate to call on them - no need even to shop around. |
| 10-May-2023 | Every aspect of this company from top to bottom was excellent. Everyone was professional and friendly, communicated well, worked hard and delivered a very well constructed and attractive driveway. I wouldn't hesitate to recommend them to anyone. |
| 27-Apr-2023 | We are really pleased with the work that has been carried out and thoroughly recommend this company. Everything right from the initial quotes through to completion has been done professionally. The staff answered all our questions in detail both before and during the project. The completed driveway looks fantastic. Thank you again. |
| 13-Feb-2023 | Just wanted to say a huge thank you for the fantastic work on the path and patios. The finish is incredible, the team very professional and all our other tradesmen on site are raving about how good the job has been. |

| 07-Nov-2022 | Rhino provided excellent customer service from quotation to installation. Very pleased with my drive and I have had several passers by ask for details. Wouldn't hesitate to recommend them. |
| 07-Oct-2022 | We have been here for 25 years and always put off getting things done as nobody ever seems to come up to our expectations - your guys have done an amazing job - they couldn't have been any better - great communication, great work ethic and such an eye for detail - best job anybody has ever done for us - so a huge thank you. |
| 09-Sep-2022 | We had our old shingle drive resurfaced in Resin Bound by Rhino in July; the results are amazing! We are very pleased with the work carried out. The whole team were professional and on time each day and left the driveway tidy each evening. We've had so many comments on how lovely it looks. Thank you again for all the hard work. |
| 19-Aug-2022 | From first contact to completion all was completed in very friendly and professional manner. David was extremely helpful in advising what i needed site visit and quotation all done in good time from first phone call. Workmen all introduced themselves to me and were very polite and friendly nothing was too much trouble or a problem for them, we had a perfect relationship between us throughout . Whole job went perfectly and smoothly , carried out by excellent professional team. I would recommend this company to anyone . |
| 29-Jul-2022 | Excellent service and very efficient workman ship always on time and very friendly worked very hard all day would recommend this company to anyone |
| 22-Jul-2022 | Promised a high quality service but did not deliver. The actual product and overall look is great. Unfortunately, their designing needs some serious overhauling. Driveway is on a slope, required disabled access but have still been left with a step into the house. The drive has been made much more steeper than it was originally and shoddy workmanship on stonework. Had to have it redone, when a complaint was made, owner of the company was very rude, customer service was very poor. Still dissatisfied with some of the stonework and the steepness of drive and lack of disabled access. Would NOT recommend. Business Response: Thank you for your feedback. It is important to us that a customer receives the work and service they have been quoted for. I am really sorry that you feel that you have not received such service. Although I'm glad you feel that "The actual product and overall look is great" You have raised four concerns in your feedback. 1) Shoddy blockwork to the corner of the step. I wholeheartedly agree. This was not carried out to our usual standard. I can only apologise again and reassure you that this has been addressed with the individual and quickly corrected to our normal standards. When my installation controller met with you on site and |

carried out the correction, you confirmed you were now satisfied; therefore, no further action was required. This was one month ago and no further communication has been received from you indicating any remaining concerns. 2) Slope to driveway. Your new driveway starts at the same point it did (the threshold with the public footpath) and terminates three courses below your damp course (where it did previously). The slope is therefore exactly as before. It is not possible that 'steepness' has been added. Before and after pictures have been provided to Trading Standards which clearly demonstrate this. If you would like me to send these pictures to you to put your mind at rest, please let me know. 3) DDA access level to door threshold. This item was never requested and as such, was never quoted for or carried out. We take great care to ensure our quotations are very detailed and ask that customers check the specification we have quoted for to ensure it reflects their requirements, prior to booking work with us. Level access to the door threshold could've easily been carried out if requested. No such request was made at any point before commencement of works, during or after works were completed. 4) Rudeness of owner. I'm sorry you feel that during our conversation, I was rude. This is the first time a customer has levelled this feedback at me or any member of the business. I did have concerns that the instructions given to my team differed between your and your father-in-law and as our intention is always to carry out the job the customer requires, this miscommunication makes it very difficult, but I do appreciate your email apologising for this. I believe that I and all members of my office and site staff have acted professionally at all times with yourself and your father-in-law and when the one concern of poor blockwork was raised, it was dealt with by all those involved, swiftly, politely and professionally. If you would like us to return to raise the step to the level of the door threshold now (this would also necessitate racing the adjoining ramp), then we would, of course be happy to accommodate that. This additional request would need to be chargeable, but I would be happy to meet some of the costs as a gesture of good-will.

Rhino Surface Solutions Ltd is an excellent company with first-class customer service. The quotation was provided very quickly after the initial consultation visit. The office phone is always answered quickly and any queries are addressed immediately. Work on our drive was started two months ahead of the agreed date, which was a welcome bonus. The actual job was carried out by Shane and the team who were all professional, friendly, and efficient. They worked hard and completed our Rhino resin drive well within the agreed schedule. They also left the site clean and tidy after each day was completed. The final result was first class, which has transformed the appearance of our

| 04-Apr-2022 | <p>Rhino Surface Solutions were excellent from start to finish. I had my front yard surfaced, it looks absolutely fantastic and is a grand improvement on what it was before. They are a very friendly company and everyone I had contact with there was helpful and knew what they were doing/talking about. They were quick getting my job booked in way earlier than originally thought. All in all I would highly recommend them for high quality surfacing work.</p> |
| 28-Mar-2022 | <p>Fantastic Company from start to finish! Came out and provided a quotation within a couple of days and bought forward the original start date as the weather had been so favourable. Shane and his team arrived when due and were very courteous and informed me of the work stages. All the staff worked well and their standard of work was of the highest quality. They left the site clean and tidy. A real pleasure to do business with and would highly recommend this company.</p> |
| 25-Mar-2022 | <p>We're thrilled with our new driveway. The team were highly professional and did a fabulous job. The workmanship and finish exceeded our expectations.</p> |
| 19-Mar-2022 | <p>From the moment we decided to go with rhino to do are driveway its been a fantastic experience from the day we walked in to the showroom and spoke to lin who was fantastic in helping us to decide what choices we had and explained the process of what we would receive from the whole team from to day one . After picking the colour we wanted from a massive selection rhino offer and paying a small deposit it only took about 5 months for them to come out and complete the works. And what can I say we was not disappointed the driveway looks amazing what a professional company they are from the guys that come out to do the works to the team in the office ,and would just like to thank the guys that did the work they are a credit to the company. 5 star and above rating from us thank you all so much</p> |
| 23-Feb-2022 | <p>They and their skilled team skilled have done a sterling job for us, we are delighted with the results. The guys were a pleasure to have on site, though we did get through quite a lot of tea and biscuits! The service we received exceeded our expectations, we would have no hesitation in recommending Rhino Surface Solutions Ltd. Thank you to all involved :-)</p> |
| 01-Dec-2021 | <p>From start to finish our engagement with the Rhino team has been 5 star. We had a morning consultation with David where we went through the project and our requirements, David set our expectations as to timelines and the delays in sourcing resin. That afternoon we received a professional, well put together quote that was broken down and easy to understand. We also visited the Rhino offices to have a look at</p> |

Lynn was super helpful in taking us through all our options and colour choices. The Rhino team that installed the driveway was very knowledgeable, experienced, tidy and had good attention to detail. We're now wondering what else we can put resin on!</p> |
| 04-Sep-2021 | <p>To all the team at Rhino just a short note to say how delighted I am with my patio. I always thought it would look nice but this was beyond my expectations. The team of workers are so polite and professional and left everywhere tidy. I couldn't be more pleased with the excellent service I received. A big thank you from me!</p> <p>From start to finish the work on my driveway was carried out so professionally by men who got on with the job efficiently and tidily. I am so pleased with the transformation of the front of my house as a result and would definitely recommend the firm to anyone considering similar work. Everyone I dealt with at Rhino was so helpful and pleasant from beginning to end and thoroughly deserve a five star rating. Many thanks Rhino.</p> |
| 19-Aug-2021 | <p>In the 35+ years we have been having home improvements this organisation has out performed any other by a country mile. Platinum service from start to finish. Any changes we requested throughout the job were discussed and adjustments made without any problems at all. All the employees were knowledgeable, helpful and gave their guidance and thoughts throughout when asked. I don't think I have ever seen a small team of young men work so hard - there were no slackers in this team and it was a pleasure to hear them chatting and getting along so well. This company is by far the best I have had the pleasure of doing business with for many years. Well done and thank you so much for making it a pleasurable experience. Large garden patio completed & looks amazing - thank you.</p> |
| 10-Aug-2021 | <p>Throughout the whole process every member of the Rhino team have been incredibly professional. The guys who came to complete the drive were all very pleasant and very industrious. They were all an absolute credit to the company. The communication was excellent and little tweaks to the job were incorporated as tasks progressed. The final surface was delayed by expected poor weather but everything was rearranged to ensure that it was completed as soon as the weather allowed. Cheaper is always possible, but you would be hard pressed to find better.</p> |
| 25-Jul-2021 | <p>We had our drive done by Rhino last year, the service was excellent from start to finish so we decided to have the rest of our front garden replaced. We choose Rhino again due to the high standard of work from all the workmen. They were all friendly, polite and professional and a pleasure to have at our property.</p> |

| 10-Jun-2021 | I have no hesitation in recommending Rhino Surfacing to anyone looking to get this type of work done. Visited their showroom initially to see the products first hand and discussed what we needed. Good communication from the admin team and once the work started the guys turned up first thing and worked hard. Happy with the finished result and was a pleasure to deal with everyone at this company. |
| 27-Apr-2021 | Very efficient and hardworking group of lads. Removal of debris instant. Always polite and considerate. Completed work approved by friends and neighbours. Very satisfactory overall from initial contact, through site visit to completion. Would recommend. |
| 15-Apr-2021 | This is a first rate company. First, Rhino know what they are doing and do it well with competence. Second, the workmen are all pleasant and hard working and are proud to work for the company. Third, there is good communication by owners Dave & Lin with the client. And most important: the quality of a Rhino drive is excellent. It is smooth and free draining. (The resin which bonds the small stones dries in a honeycomb shape and so lets the rain drain through). And it looks good with a huge variety of colours to choose from. Money well spent. No regrets. |
| 02-Apr-2021 | Excellent work ethic from each person. At every stage of layout confirmed we were happy with what they were doing. Got on with the job in hand, no messing around. Neighbours and passers by have all commented on the finished Drive and we are very pleased with the excellent job and will be having them return to do another pathway at the rear of the property. Would highly recommend |
| 13-Mar-2021 | If you are looking to have your patio or driveway surface changed to a resin bonded surface I would highly recommend this company to carry out the work because they are a very experienced, and professional company. Staff and workforce were well organized, friendly, polite and very knowledgeable on the preparation and product application. I would definitely recommend Rhino in the future. |
| 08-Mar-2021 | Could not fault anything or anyone. Very helpful and friendly knowledgeable initial consultation and advice regarding product and procedure. The workforce who did the job were always on time and delivered what they said they would each day, sometimes staying extra time to complete this. They were polite and courteous and friendly. They kept us informed of progress throughout and cleaned up after themselves each day. The finished product was faultless and we were overjoyed with our new driveway and front garden. Would not hesitate to recommend this company. |
| 24-Feb-2021 | The drives look wonderful! The team have done a great job and were so professional and friendly, and as a bonus they tidied/cleaned up thoroughly each day; a |

The staff working on the installation were courteous, conscientious and showed great pride in what they were doing, obviously very happy in their job. A pleasure to have such happy smiley people working on our property. |
| 09-Jan-2021 | the members of the company I spoke to were polite and stuck to their word. The person who did the work was incredibly hard working and efficient. I receive almost daily compliments from passers by and delivery agents and would recommend this company to anyone and everyone. Thank you for a fantastic job. |
| 14-Nov-2020 | The level of service to the customer from this company is their top priority. From the admin side to the installation of the driveway and path, everything ran smoothly. The whole team dealt with the job in a very professional manner. This company is a local and very well run business and I would recommend them to anyone. |
| 13-Nov-2020 | Professional, friendly service. Kept us informed of what was happening. Beautiful drive, high standards. |
| 09-Nov-2020 | Excellent service from the very beginning (planning stage) to the final completion, the staff worked tirelessly through the bad weather to get the original base lifted and lay down the new sub-base. They were also polite, professional, hard working and also at hand to talk through any queries. The end result was better than we ever expected so very pleased with the result. |
| 06-Nov-2020 | Kept us fully informed throughout. Fantastic work ethic. Polite and friendly at all times. Cleared up so well you couldn't see where they'd been. Excellent job. |
| 29-Oct-2020 | Excellent service throughout, very professional and friendly. Really pleased with the final result. |
| 29-Oct-2020 | Excellent, extremely pleased with the finished result, would thoroughly recommend Rhino Surfaces. |
| 18-Oct-2020 | Right from the start it was very easy to deal with the team at Rhino Surface Solutions. The sales process was how I like them to be - not in the slightest bit pushy. Questions were answered and the quote arrived quickly. The install went just as well as the sales process - smoothly. The team doing the installation were a good bunch and when they'd finished we were thrilled with the end result. We plan to have our patio regenerated and will definitely be planning to have the team at Rhino back to do the work. |
| 12-Oct-2020 | Very professional service, friendly and considerate workmen. Excellent result to our garden and drive. |
| 06-Oct-2020 | We are extremely pleased with the patio and pathways which the Rhino team have just finished in our back garden, they look fabulous. In these times when it seems fashionable to always complain it was wonderful to deal with a set of lads who were friendly, courteous and very hard working, and we would like to extend our thanks for a job very well done. As when you did |

14-Sep-2020

our drive last year we shall be pleased to recommend you to our friends and neighbours.

1. Apparently the wrong colour stone was delivered & was only checked on the morning of the finishing date. Subsequently the finish date was delayed leaving the pool surrounded by large stones for a few days. 2. A primary reason for choosing Rhino was that they would re-align a run of kerbstones while preparing the base. Sadly, this was not done. 3. I finally managed to source two matching weathered kerbstones to insert where there were two missing. They were 10" wide x 5" thick concrete & yet they still managed to break one of them! 4. The lawn was left long to protect it from any works traffic, unfortunately there were over 100 large stones left in it that we had to remove by hand, to protect the mower blades. 5. Large sharp edges were left on the ends of the edging strip around a pool!

Response from Rhino Surface Solutions Ltd: Thank you for your feedback. Customer satisfaction is of paramount importance to us so we will always seek to learn from any feedback. That being said, we would've also appreciated these issues being communicated to us so we have the opportunity to resolve them swiftly. Despite our email conversations over the last few days regarding your outstanding balance, none of the issues mentioned in your feedback were communicated to us (apart from the stone delivery issue which was rectified at the time). Please be assured that if these issues had been raised after the job was completed or during our recent email conversations, we would've dealt with them straight away - and are still happy to rectify anything that you are unhappy with that was part of the job quoted for. in terms of the specific issues raised: Issue 1: Incorrect stone delivered. Yes, this indeed was the case and although this hasn't happened to us before in our 12 years of trading, we have now changed our procedures to ensure specific stone requirements are now checked three days before planned install date rather than on install day itself. Stone is delivered to us 28 pallets at a time and the 1.5 pallets that represented your job was missed - an error on our part that the new procedures will address. For this, we apologise that the installation was delayed from the Saturday to the Tuesday. Issue 2: Re-aligning run of Kerbstones. We provide written and detailed quotations of the work. This acts as confirmation of the elements of the job. 'Re-aligning run of the kerbstones' was not quoted for or specified. In this particular case, you asked us to install 2 of these for you for which no additional charge was made. This was a goodwill and accommodating gesture. Issue 3: See above: Issue 4: Large stones left in the long grass. We are always vigilant that the area is left clean and tidy after the work is complete. The maximum size of hardcore used is 40mm and if some of these were missed in the long grass, then please accept our apologies. We have

| | |
|-------------|--|
| | <p>re-briefed our teams to be extra vigilant in this final stage of clearing up. Again, if you had contacted us to let us know, we would've sent a team member to retrieve the stones from the long grass. Issue 5: Large sharp edges on edging strip: Again, this is the first time this concern has been raised and I would re-iterate that our reputation demonstrates that should a client raise an issue - it will be dealt with quickly and to their satisfaction. However, I have inspected the detailed pictures of the edging strip and its position and the edge you refer to is underneath your shed and there was no other way of terminating this by your sloped edging stones. Its location doesn't present a hazard It is entirely your right to give feedback on our performance, and we will always seek to learn from such feedback, however, we would've appreciated it if these issues had been raised when the job was completed so we could have had the opportunity to rectify them. Having spoken to my installers, they have both assured me that feedback from yourself and your partner at the time was specifically that you were very happy with the job. I have also been informed that when the job was finished, you shook our lead installer's hand, inspected the job with him and said 'its a really nice finish and a nice job' - Hence the surprise of everyone at Rhino for receiving this feedback from you. If it at point you would like to discuss this, please feel free to contact me and I can assure you, we will bend over backwards to address any genuine issues.</p> |
| 12-Aug-2020 | <p>New Patio Service from initial visit to discuss and take measurements to visiting the warehouse to the actual installation - very happy with it all and the men who carried out the work were polite and tidied up everything, and cleaned up when work complete.</p> |
| 12-Aug-2020 | <p>Absolutely brilliant, Great product, great team - Highly Recommended</p> |
| 12-Aug-2020 | <p>Great service from these guys. Very professional team, and the finish looks great</p> |
| 22-Jun-2020 | <p>The company have just completed my resin drive. It has been transformed! The men involved all turned up on time each morning and worked hard. Removal of previous drive was quick with no huge lorries blocking the street. Due to heavy storms the work took a little longer than planned but the finished drive is excellent. Thanks to all the staff, that did a great job.</p> |
| 01-Mar-2020 | <p>I would highly recommend this company. The level of service was outstanding throughout the process. All the members of the team were extremely professional and they completed the work on time.</p> |
| 13-Feb-2020 | <p>Fantastic service, Jack, Harry and Shane worked really hard and the finished job looks amazing. Even made a step which has really improved access to the back door. Highly recommended, polite and courteous team, you won't go wrong in employing them to do the job.</p> |
