I e-mailed the company to ask them to look at a possible problem with an extension roof. I was contacted within the hour by Steve, and as he was in the local area he arrived on my doorstep some 20 minutes later. After an extensive examination of the roof he advised that no work was actually necessary as the roof was sound - it just looked as though there might be a problem due to a slightly raised tile. I was impressed by his honesty, as he could have taken the opportunity to earn from carrying out an unnecessary repair. In my opinion this is just as valuable as any work that might have been carried out. I am unable to comment on the quality of his work, but have made my ratings based on the circumstances. I have rated him as 5 star for value for money as I didn't have to pay anything...!

First class service and a job well done. The work was urgent and I called them out of the blue. What a relief when they turned up. Steve was excellent at keeping my stress under control and kept us informed every step of the way. I would recommend him and his team any time.

25-Jun-2019	Steve completed two separate pieces of work; 1) roof tile maintenance with gutter repairs and clearing and 2) repaint house front masonry. The work was done well and in good time, challenging in the recent weather conditions with understandable delays. The area was left tidy during and after work, causing little interference to domestic life. Steve also undertook the replacement of some tiles damaged by a subcontractor. I'd be happy to recommend Steve for similar work and would contact him again if the need arises.
