Registered with this company to control illegal parking on my land. Bought the signs and the service. They don't want to chase the illegally parked vehicle they have issued fines to. The car is a repeat offender parking on my land and they tell me they don't have the drivers details, strange that they had the drivers details previously and according to my account dashboard it's in enforcement but now they say they don't have the drivers details. You can't speak to anyone on the number given. You have to email them and wait for a reply. I've waited weeks now to try to get a refund on what I've paid out due to poor service. I found a new company who do what they say they will do, they give a notice to the vehicle and then remove it if it's not moved. All it cost me was £30. Business' Response: Thank you for your review. We are sorry that our service did not fulfill your requirements and are glad that you have managed to find another solution to resolve your parking problems. Flashpark works for most customers but we do accept that there are some rare occasions where the service may not be suitable. We have now issued a full refund and trust this is a satisfactory resolution.
