From my initial contact through to the completion of the installation of the Water Softener the level of customer service and workmanship was exemplary and I would not hesitate to recommend them.

Hydroworks provided a professional service from beginning to end. Laurence visited to assess what was needed and displayed huge knowledge of the water softener industry. He gave us a detailed description of the products available and made his recommendations without being pushy. His passion and enthusiasm are without doubt. On the day of the installation Liam worked hard all day to provide a neat, clean and faultless install. He was polite and positive with a "can do" attitude and it was a pleasure having him in our home. Our overall impression is that this is a company that demonstrates passion, commitment and professionalism and we would not hesitate to recommend them.

Excellent service from everyone of the company. Consultation was professional and solution provided

	<p>was really based on my real need. Not pushy just to earn more. Installation was very professional and neat. My installation was more difficult than usual and the staff solved the issues professionally. Overall very happy and already referred my neighbor to them. Highly recommend. Their block salt is also the cheapest I've found online.</p>

04-Jul-2019	<p>We needed a new water softener after 9 years. In January this year I found Hydroworks by recommendation. Hydroworks came promptly and replaced the old machine quickly and efficiently. The kitchen was left clean and tidy. The service was friendly and the technician was very knowledgeable. We've found the new softener much easier to manage and quieter. We are very satisfied customers. The level of service was exactly what was needed, courteous, focused, quick and experienced.</p>
04-Jul-2019	<p>The service we received from personal delivery to supplying salt directly to our door was simply amazing.</p>
04-Jul-2019	<p>Level of service very high.</p>
04-Jul-2019	<p>I received a courtesy call to remind me of the appointment. Prompt, courteous service and helpful level of knowledge.</p>
04-Jul-2019	<p>Always very good and professional, I had to call Laurence on site whilst fitting this machine and called me straight back.</p>
